REVIEW OF FACES OF LOVE PENGUIN CLASSICS DELUXE EDITIONS

- If you don't know what an f stop is then this probably isn't the book for your looking for, however for beginner of intermediate photographers, who are looking for new ideas for creating new imagery this book is very inspirational. Essentially there are 70 techniques layed out alphabetically, with a few color and b/w examples for each one. Although the book has many technical ideas, much of the emphasis is placed on learning how to see photographically, and if you have a 35mm, a flash, and tripod, you can attempt nearly everything in the book. Each "technique" is arranged into sections: How it's done, what you need, and tips. The text is clear, insightfull, assumes a basic camera knowledge, and is even humorous at times. The ideas suggested are practical and inexpensive. Things you could do in your neighborhood or town. Very easy and fun to read, very nice images, and packed with creative suggestions. I have purchased a few similiar books but this one is the best so far.
- I really enjoyed reading this book, now I'm sharing it with you. I enjoyed it because it really explains what happens in the book called Flowers In The Attic.
