REVIEW OF IMAGE TEXTURE FEATURE EXTRACTION USING GLCM APPROACH

• Imagine that we live after death. Now imagine that personality stays the same even after that massive change in location. I am believing more and more in those two surprising ideas - it is like cold water on my face. I need to live harder, and take my life much more sincerely for the opportunity it really is. Life on earth IS the place to get things done - no matter how impossible it becomes day by day. Stay with it. Teenagers and perennial Peter Pans (grownups with a teenage soul) have - by default - a very tweaked view of the real world. It's great in that they can remind non-teens of how many delusions and hypocrisies any culture accepts and nurtures. More than that, teens will shake-you-to-wake-you from your long list of sell-outs, compromises and dullness. On the shadow side, teens need to be constantly shocked into seeing how much mortal danger they ignore, and how little they know about how discipline (boring repetitive work) can provide them the freedom they absolutely STARVE for, and how often they choose escape when they COULD have more power and a growing menu of personal options. I apologize for my crass generalizations, but I need to be expedient. Lysa has provided us a really cool book, here. It was tempting to put it down at first. At first glance it comes off as a book about a bunch of sadly derailed kids who tragically took their own lives, and are now whinging about that choice from their gray, dull after-world. Actually, they have insight from their new perspective - NOT the insight we can find from so many other books of after-death communications. These are the insights of the disenfranchised, the dis-empowered and the failed, and it is really unique and helpful to anyone who cares to look. I am blessed by this gem, and recommend it. It tells me to remember what life is like when you are young and NONE of your efforts work out well. It tells me to listen to the teenagers and children in my life, and those who struggle - not because they need to be heard (which they do) but because they see things the rest of us have all become blind to in the process of moving from young to old, from immature to mature, from struggling to successful. These departed souls - once they get out of their own way - have wisdom we all need a refresher course in.

• Ya' gotta' love any fairy tale where the huntsman offers the queen, fawns lungs as proof that Snow White is dead. The story ends with the queen wearing "red hot iron shoes" and made to dance until "she falls down dead." Snow White and her Prince live happily ever after. These old kids books can be so much fun to read.
