REVIEW OF STUDY GUIDE MACROECONOMICS OLIVIER BLANCHARD 5TH EDITION

- J. Tom Cooper (gktemugen@aol.com), a book reviewer for a radio network, August 12, 2006,Another winner for John RingoThis book combines normal (lots of it)and sadomasochistic sex (a little of it) with violence, international conspiracies, non-stop action and others things that might turn some readers off, but John Ringo has a way of making it a believable and enjoyable read. Former navy SEAL Mike Harmon is again larger than life as the Kildar (leader) of the Keldara, a tribe of mountain warriors from the Caucasus area of Georgia. Mike is asked to rescue the daughter of an important man friendly to the politicians and influential with them. All is not as it seems as Mike and the Keldar try to carry out their rescue of the girl from an almost impregnable fortress in Albania. All

the sometimes separated elements of the plot come together at the end, but his 'friends' could be his worse enemies. Start the book early in the day, or you will get no sleep until you finish it. Also recommended: Any book by David Morrell, including Creepers. Any book by Sandra Brown.

- At first when I realized this book had been taken up by a mainstream publisher I thought great I

will definitely give this one a chance since I am a huge fan of everything zombie related. I do regret buying this book. It's not often that I have regrets about something I have purchased but this is one of those times. The story is nothing special or in fact, new. The writing reads amateurish and when I was finished reading I knew I definitely would NOT go any further into this series. For fans of the genre, if you are looking for action stay away. This book was rather mundane and boring.
