REVIEW OF NET TECHNICAL ARCHITECT INTERVIEW QUESTIONS AND ANSWERS

- I Sent Mt. Brokaw a short essay in response to his first WWII Book Greatest Generation. Several months later his office contacted me for permission to use my essay in his new book. I agreed and a version of my essay appears on pages 191-92.It was never my intention to write to him for publication. I was telling him a story in return for his telling a large number in his book.I note that he says that he received many manuscripts fomr vets like me. I visited a the National Archives (College Park Maryland)and ther Library of Congress. Neither one had a place to receive and protest manuscripts like the ones Mr. Brokaw received.If we are, as he contends, the Greatest Generation, then that which documents our "greatness" deserves to be preserved.After all the Library of Congress has all of Adolph Hitler's papers How about us?Great Book Mr. Brokaw and in the right spirit of things. Mr. Brokaw, in lucid English and great sense of editing and selection serves well those old WWII GI's to whom he attributes greatness.

- I have listened in the past to the taped rendition of Ulysses, and I pushed my way through it for the bragging rights. This new version is just so superb and so amazing in its vitality.While at times Ulysses is still a challenge to grasp, I can guarantee that the whole book is much more comprehensible, and wonderful, to hear it read so well. It suddenly makes sense.As a by-the-way, the Naxos packaging is second only to Apple's iPod in the pleasure I got from handling it and opening it.
