REVIEW OF FROM THE ASHES OF ANGELS THE FORBIDDEN LEGACY OF A FALLEN

- After reading the prequel, "The List of 7," I was thoroughly disappointed with this novel. The same characters were there, but it just didn't seem to have the same inspiration that the first book had. Especially the last third of the book. The ending left so many things unresolved that I wondered whether or not Frost had actually finished it or if he had just gotten bored and decided to send the manuscript in for publishing. I look forward to another effort from Frost, and would still recommend this book if you enjoyed "The List of 7."

- Well, The Sign of 7 was a promising beginning for Mark Frost, but the sequel has much more troubles arriving at the same quality and finally it fails. Even though the story is well done, and its a pleasure to rediscover the heroes of the first book, Frost is unable in this book to recreate the same atmosphere of his first novel.Its a nice read for example as a holiday book, but it wont impress you as much as "The List of 7".
