### **Hitler's Final 42 Hours** Mariner Books

The "compelling" New York Times bestseller by the Pulitzer Prize-winning journalist, capturing the 1964 World Series between the Yankees and Cardinals (Newsweek). David Halberstam, an avid sports writer with an investigative reporter's tenacity, superbly details the end of the fifteen-year reign of the New York Yankees in October 1964. That October found the Yankees going head-to-head with the St. Louis Cardinals for the World Series pennant. Expertly weaving the narrative threads of both teams' seasons, Halberstam brings the major personalities on the field—from switch-hitter Mickey Mantle to pitcher Bob Gibson—to life. Using the teams' subcultures, Halberstam also analyzes the cultural shifts of the sixties. The result is a unique blend of sports writing and cultural history as engrossing as it is insightful. This ebook features an extended biography of David Halberstam.

### Sweet Sorrow Open Road Media

Four New York Times bestsellers by a "remarkable" Pulitzer Prize-winning journalist capture and celebrate America's passion for sports (The Seattle Times). Pulitzer Prize-winning journalist David Halberstam, preeminent chronicler of the American experience, focuses his meticulous narrative gifts on some of Major League Baseball's most iconic moments, training for the Olympics, and a remarkable profile of hoops legend Michael Jordan. Summer of '49: In this #1 New York Times bestseller, Halberstam brings to stirring life the unforgettable season that cemented baseball as

America's pastime. A nation in transition is gripped by a pennant race for the ages: the Boston Red Sox, led by Ted Williams's unearthly bat skills, versus the New York Yankees and Joe DiMaggio's legendary heroics. Every hit on and off the field crackles across the page "in such an enjoyable, interesting, and informative manner that a reader needn't be a baseball fan to appreciate the book" (Library Journal). October 1964: The 1964 World Series pitted the established Yankees against the upstart St. Louis Cardinals in an epic, seven-game seesaw battle that seemed to reflect the tensions of a nation in turmoil. The barnburner included a cast of legends—Mantle, Maris, Ford, Gibson, Brock—and enough game-changing plays to last a lifetime. Halberstam captures every moment with "a fluidity of writing that make[s] the reading almost effortless. . . . Absorbing" (San Francisco Chronicle). The Amateurs: This inspirational bestseller focuses Halberstam's brilliant reportage on the travails and triumphs of Olympic rowing. Introducing us to a cast of highly driven athletes at the 1984 single sculls trials in Princeton, Halberstam delves deep into their struggles, motivations, and failures—but in the end only one will represent the United States at the 1984 Olympics in Los Angeles. Informative and compelling, Halberstam "maintains the suspense to the very last stroke" (Sports Illustrated). Playing for Keeps: A wildly entertaining and revealing portrait of global icon Michael Jordan and the rise of the NBA. With his usual impeccable research and gripping storytelling, Halberstam covers the whole court, from the transformative rivalry of Larry Bird and Magic Johnson to the invention of ESPN to Spike Lee's Nike commercials to every unforgettable playoff game that built Jordan's legend. "Filled with salty, informed hoops talk" (Publishers Weekly), this "remarkable book . . . [is] a must-read for basketball fans, admirers of Jordan, and anyone who seeks to understand sports in America today" (Bill Bradley).

### *A Novel* Open Road Media

"A grim season for the legendary Bill Walton-led Portland Trailblazers as reported by one of America's most celebrated journalists"--P. [4] of cover.

### *The Best and Brightest from Four Decades of Comet Chasing* The Best and the Brightest

Three hundred black-and-white and full-color illustrations complement a collection of varied essays by leading historians and writers--Walter Cronkite, Louis Auchincloss, John Gregory Dunne, Joan Didion, Mary Gordon, Stan Katz, David Kennedy, Arthur Schlessinger, Anna Quindlen, and Molly O'Neill--that reflect on key issues that have shaped the American character. Reprint. 10,000 first printing.

### *The Biggest, Hottest, Brightest, Most Explosive Stars in the Milky Way* National Geographic Books

Inspired by true events, *The Brightest Place in the World* traces the lives of four characters haunted by an industrial disaster. On an ordinary sunny morning in 2012, a series of explosions level a chemical plant on the outskirts of Las Vegas. The shock waves are felt as far away as Fremont

Street. Homes and businesses suffer broken windows and caved-in roofs. Hundreds are injured, and eight employees of the plant are unaccounted for, presumed dead. One of the missing is maintenance technician Andrew Huntley, a husband and father who is an orbital force in the novel as those who loved him grapple with his loss. Andrew's best friend, Russell Martin—an anxiety-plagued bartender who calms his nerves with a steady inflow of weed—misses him more than he might a brother. Meanwhile Emma, Russell's wife—a blackjack dealer at a downtown casino—tries to keep her years-long affair with Andrew hidden. Simon Addison, a manager at the plant who could have saved Andrew's life, is afflicted by daily remorse, combined with a debilitating knowledge of his own cowardice. And then there's Maddie, Andrew's only child, a model high-school student whose response to the tragedy is to experiment with shoplifting and other deviant behavior. Against the sordid backdrop of Las Vegas—and inspired by the PEPCON disaster of May 4, 1988—this engaging novel is a story of grief and regret, disloyalty and atonement, infatuation and love.

**Playing for Keeps** Rowman & Littlefield

One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—"the one irreplaceable American in Vietnam"—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

One of the most influential leaders of the twentieth century, Ho Chi Minh was founder of the Indochina Communist Party and its successor, the Viet-Minh, and was president from 1945 to 1969 of the Democratic Republic of Vietnam (North Vietnam). In exploring the life and career of Ho Chi Minh, Pulitzer Prize-winning author David Halberstam provides a window into traditions and culture that influenced the American war in Vietnam, while highlighting the importance of nationalism in determining the war's outcome. As depicted by Halberstam, Ho is first and foremost a nationalist and a patriot. He was also, according to the author, a pragmatist "who was able to turn the abstract into the practical and to embody the concept of revolution to his own people." This edition includes a new preface by the author.

## Above the Rain Hyperion

#1 NEW YORK TIMES BESTSELLER • This is the true story behind the immortal photograph that has come to symbolize the courage and indomitable will of America. In this unforgettable chronicle of perhaps the most famous moment in American military history, James Bradley has captured the glory, the triumph, the heartbreak, and the legacy of the six men who raised the flag at Iwo Jima. Here is the true story behind the immortal photograph that has come to symbolize the courage and indomitable will of America. In February 1945, American Marines plunged into the surf at Iwo Jima—and into history. Through a hail of machine-gun and mortar fire that left the beaches strewn with comrades, they battled to the island's highest peak. And after climbing through a landscape of hell itself, they raised a flag. Now the son of one of the flagraisers has written a powerful account of six very different young men who came together in a moment that will live forever. To his family, John Bradley never spoke of the photograph or the war. But after his death at age seventy, his family discovered closed boxes of letters and photos. In *Flags of Our Fathers*, James Bradley draws on those documents to retrace the lives of his father and the men of Easy Company. Following these men's paths to Iwo Jima, James Bradley has written a classic story of the heroic battle for the Pacific's most crucial island—an island riddled with Japanese tunnels and 22,000 fanatic defenders who would fight to the last man. But perhaps the most interesting part of the story is what happened after the victory. The men in the photo—three were killed during the battle—were proclaimed heroes and flown home, to become reluctant symbols. For two of them, the adulation was shattering. Only James Bradley's father truly survived, displaying no copy of the famous photograph in his home, telling his son only: "The real heroes of Iwo Jima were the guys who didn't come back." Few books ever have captured the complexity and furor of war and its aftermath as well as *Flags of Our Fathers*. A penetrating, epic look at a generation at war, this is history told with keen insight, enormous honesty, and the passion of a son paying homage to his father. It is the story of the difference between truth and myth, the meaning of being a hero, and the essence of the human experience of war.

## *The Boundless Sea* National Geographic Books

With a new preface: A "stunning" analysis of the troubled Republican president by the Pulitzer Prize-winning author of *Lincoln at Gettysburg* (The New York Times Book Review). In this acclaimed biography that earned him a spot on Nixon's infamous "enemies list," Garry Wills takes a thoughtful, in-depth, and often "very amusing" look at the thirty-seventh US president, and draws some surprising conclusions about a man whose name has become synonymous with scandal and the abuse of power (Kirkus Reviews). Arguing that Nixon was a reflection of the country that elected him, Wills examines not only the psychology of the man himself and his relationships with others—from his wife, Pat, to his vice-president, Spiro Agnew—but also the state of the nation at the time, mired in the Vietnam War and experiencing a cultural rift that pitted the young against the old. Putting his findings into moral, economic, intellectual, and political contexts, he ultimately "paints a broad and provocative landscape of the nation's—and Nixon's—travails" (The New York Times). Simultaneously compassionate and critical, and raising interesting perspectives on the shifting definitions of terms like "conservative" and "liberal" over recent decades, *Nixon Agonistes* is a

brilliant and indispensable book from one of America's most acclaimed historians.

*Why Vietnam Matters* Open Road Media

Provides an overview of the big issues in the business world today, with firsthand accounts from young leaders tasked with tackling these issues head on.

*Nixon Agonistes* Davies-Black Publishing

The Pulitzer Prize-winning journalist delivers "[a] sobering account of the struggle for world economic supremacy" in this New York Times bestseller (Library Journal). What can we learn from the events of twentieth century? With the effects of the Cold War still evident in the global economy and the lives of everyday Americans, master journalist and historian David Halberstam sets out to answer this question. Halberstam's perceptive *The Next Century* looks to the future by examining the past. From the rise of the Japanese economy to the startling changes that reshaped the Soviet Union and Eastern Europe, Halberstam argues that the American economy's survival depends on the rededication and continued education of the American worker. As pertinent in today's economy as it was when first published in 1991, *The Next Century* is a timeless call to arms, reminding us that we must continually better ourselves in order to compete on the world stage. This ebook features an extended biography of David Halberstam.

## REVIEW OF THE BEST AND BRIGHTEST DAVID HALBERSTAM

- I have read the Bible from Genesis to Revelation, and can speak with authority on the subject. The main thing motivating me to give Billy Graham's book the top rating is the combined trustworthiness of the reverend (due to his long service and sincere effort) --and the accuracy of his book. However, let me tell you in no uncertain terms, he seems to merely recite old familiar Bible stories regarding angels. This was *very* boring for me, but this is great for many who haven't read the Bible and need solid answers about the ministry of angels. He adds in just enough Angel encounters from nowadays to spice things up, which was much needed. One supposedly familiar story, however, that he recounts about Stephen the martyr, was a good read for me because I had mistakenly "remembered" the story as Stephen being stoned to produce an out of body experience for him to see the angels. However, after I read Dr. Graham's recounting of this story, I noticed that he said that Stephen saw the Lord seated in heaven with the angels around *before* he got stoned, so I checked it out, and I was glad: I had forgotten the details, and Dr. Graham's recounting of this story was right. All in all, I recommend this book, but another good book on angels (although VERY different) is the late Rev. Roland Buck's "Angels on Assignment." The latter is much more fascinating, but, to my mind, still holds up to the Bible and does not contradict it. I hope to write a review of Pastor Buck's book, which was actually authored by Charles and Frances Hunter who (thank God) took down the pastor's account and published it right before he died of health problems. Yes, I recommend Rev Billy Graham's book, but also read your Bible, carefully consider, and read other things to stimulate your faith with the Bible as the measuring stick.
