REVIEW OF STRATEGIC MANAGEMENT FOR THE PLASTICS INDUSTRY DEALING WITH GLOBALIZATION AND SUSTAINABILITY SECOND EDITION

- Glenn Smith has really done it this time. Hell hath no fury like the Bushies who have reveled for weeks in the fiction the swift boat people have dished out, only to now see that Smith and Texans for Truth refuse to roll over and play dead without a fight. It's long been said that fiction uncorrected becomes the truth. Kudos to Mr. Smith for bringing truth back into the discussion!

- I found this translation easier to read than other translations of Aristotle. It is much easier to unpack and follow, only the content needs to be wrestled with, which is a project in and of itself. It includes the Becker numbers, which makes it easier to have a discussion with a group.
