#### REVIEW OF EESTI STANDARD EVS EN 62368 1 2014

- This is, without a doubt, the most useful book on gaining and sustaining organizational improvements that I have read in the last decade. It is straightforward in approach and drives toward application and implementation. It is the perfect blend of context, models, tools, & case studies and is a must-have for consultants, internal consultants, black belts, project leaders, and process managers. Not only is this book loaded with tools and techniques, it is remarkably readable. This is the one we've been waiting for.

- I bought so many copies of A pocketful of Promises for Women for the love ones in my life. I even gave a couple to strangers. My dad was going through some tough circumstances in his life so I gave him the regular copy of A Pocketful of Promises. My dad said it really helped him get through his tough times. He said that it felt like GOD was talking directly to him through this book. I highly recommend this book. It has really helped my dad and it will help you as well. We all need God. I know I do.
