- i went into reading eragon with an open mind. i was pleasently surprised. the author paid lots of attention to detail with the character development and storyline. given that the author was only 15yrs old when he started the book i say that he did a fantastic job. i expect great things from mr.paolini and i'm sure that he will become a superb author to be remembered for many years to come. so in conclusion i say give this one a look, you'll be glad you did. great work paolini...great work!!!!
