## REVIEW OF HEINLE NGL CENGAGE

- I thought it was an excellent book on a possible futuristic society. It's sad the way that they do not feel or truly live for fear or being different from society. I hope that our society is never

forced to endure such an existence. It shows what a society without individualism would be like and the result of forgetting our past. It is definitely a book worth reading.

- Pretty good book. Nice plot, excellent description, I totally recommend it. Would have been nice to know a little more about the book before getting it, though through a bit of work on the

internet, it's definitely possible to find out more on The Giver. Attached is a link in case anyone is wondering where to learn more:[...]However, the link is extremely informative so for anyone who doesn't want to know too much, don't go to this link. Pretty much, exciting, though sometimes a little bland, but for readers who want a nice bit of reading.
