REVIEW OF UNDERSTANDING THE PURPOSE AND POWER OF WOMAN

- In "Post Captain" the saga of Jack Aubrey and Stephen Maturin continues in the second volume of Patrick O'Brian's legendary naval series. However, I found "Post Captain" to be the weakest of the series because of its long chapters on land. On the other hand, it is critical to read because of the characters that it introduces: Sophie Williams and Diana Villiers, the two most important women throughout the 21 volume series. The story begins with Jack Aubrey fleeing to France to avoid his creditors, and his interesting means of escape once war is declared following the Peace. Jack's fortunes amassed in "Master and

Commander" have largely been wasted away or denied due to his own mismanagement or his lack of favor with the all powerful Admiralty. True, Jack's inability to govern his desires have helped contribute to his misfortune: cuckolding one's superior officer is never advised as a career enhancing move, and this lack of self restraint is one of Aubrey's greatest character flaws. So, he returns to the high seas to recapture his fortune, while on land he competes with his best friend for the favors of Ms. Dianna Villiers while simultaneously keeping her cousin Sophie Williams appeased. The interaction between Jack and Stephen on land nearly drives their friendship apart, and Jack must confront a near mutiny onboard his experimental ship, while Stephen continues his work as a naval intelligence officer and ship's surgeon. The book's long chapters set on land are absolutely necessary to establish the two women characters; however, for someone who loves O'Brian for his sea stories and spy adventure, I found the exposé on the social structure and courting rituals of the 1800's hard to push through. If that's what you want to read, then you'll probably enjoy this book the most of his series. In any case it should be read, if only as an investment to enjoy the later novels more thoroughly.

- A terrific book in almost every way. There might be a time when the romantic antics of Aubrey and Maturin get in the way of the adventure spirit which is at the heart of this great series but no...the whole thing is handled with enigmatic skill by O'Brian. The final fifty pages are just masterly and the style in which Aubrey anticipates victory by laying out the best silver for dinner with the enemy captains is the very essence

of 'cool'.
