"An absorbing portrait of the Arthurian age." - San Francisco Chronicle
Among the first to look at the story of Camelot through Guinevere's eyes, Woolley sets the traditional tale in the time of its origin, after Britain has shattered into warring fiefdoms. Hampered by neither fantasy nor medieval romance, this young Guinevere is a feisty Celtic tomboy who sees no reason why

she must learn to speak Latin, wear dresses, and go south to marry that king. But legends being what they are, the story of Arthur's rise to power soon intrigues her, and when they finally meet, Guinevere and Arthur form a partnership that has lasted for 1500 years. This is Arthurian epic at its best-filled with romance, adventure, authentic Dark Ages detail, and wonderfully human people. Praise for Persia Woolley's Guinevere Trilogy "Original...accurate in detail...Child of the Northern Spring is rich and sweet." -New York Times

"Vivid...dramatic...once again we are captivated by the magic of the legend that has long fed our appetite for pageantry

and romantic adventure." - Washington Post "Vividly re-creates sixth-century Britain in the throes of change...Child of the Northern Spring portrays a sensitive young woman who will appeal to modern readers." -Publishers Weekly "Richly textured, evoking the sights and sounds of castle and countryside, the qualities of knight and servant. Highly recommended." - Library Journal

A Multidisciplinary Bibliography for Research and Performance Algonquin Books

Through brilliant portraits of real persons who created the myths and realities of the 1930s, the Pulitzer Prize-winning journalist Murray

Kempton brings that turbulent decade to life. Himself a child of the time, Kempton examines with the insight and imagination of a novelist the men and women who embraced, grappled with, and in many cases were destroyed by the myth of revolution. What he calls the "ruins and monuments of the Thirties" include Paul Robeson, Alger Hiss, and Whittaker Chambers, the Hollywood Ten, the rebel women Elizabeth Bentley and Mary Heaton Vorse, and the labor leaders Walter Reuther and Joe Curran.

Jersild responds to a fundamental issue in the theology of the church: what is the nature of our language in addressing the mysteries of our faith, such as speaking of God, or of the incarnation?

Advocating a "modest" theology in facing the mystery of God, and acknowledging the impact of postmodern sensibilities, he lifts up the metaphorical language of Jesus as the key to a responsible theology. Jersild makes his case for a "faith-based imagination" centering on the life, death, and resurrection of Jesus as

God's man who brings a divine, redemptive love to the human story. Theology does not give us a line in the sand that divides the saved from the lost, nor is it the truth that makes all other religions false. This is a book for seekers as well as many church members who harbor questions and doubts about the church's theology.

Spirituals originated among enslaved Africans in America during the colonial era. They resonate throughout African American history from that time to the civil rights movement, from the cotton fields to the concert stage, and influenced everything from gospel music to blues and rap. They

have offered solace in times of suffering, served as clandestine signals on the Underground Railroad, and been a source of celebration and religious inspiration. Spirituals are born from the womb of African American experience, yet they transcend national, disciplinary, and linguistic boundaries as they connect music, theology, literature and poetry, history, society, and education. In doing so, they reach every aspect of human experience. To make sense of the immense impact spirituals have made on music, culture, and society, this bibliography cites writings from a multidisciplinary perspective. This annotated bibliography documents articles,

books, and dissertations published since 1902. Of those, 150 are books; 80 are chapters within books; 615 are journal articles, and 150 are dissertations, along with a selection of highly significant items published before 1920. The most recent publications included date from early 2014. Disciplines researched include music, literature and poetry, American history, religion, and African American Studies. Items included in the annotated bibliography are limited to English-language sources that were published in the United States and focus on African American spirituals in the United States, but there are a few select citations that focus on spirituals outside of the United States. Of the one thousand annotations, they are divided, roughly evenly, between: general studies and geographical studies; information about early spirituals; use of spirituals in art music, church music, and popular music; composers who based music on spirituals; performers of spirituals (ensembles and individuals); Bible, theology, and religious education; literature and poetry; pedagogical considerations, including the teaching of spirituals as well as prominent educators; reference works and a list of resources that were unavailable for review but are potentially useful. This book also offers considerable depth on

particular topics such as the Fisk Jubilee Singers and William Grant Still with over thirty citations devoted to each. At the same time, materials included are quite diverse, with topics such as spirituals in Zora Neale Hurston's novels; bible studies based on spirituals; enriching the teaching of geography through spirituals; Marian Anderson's historic concert at the Lincoln Memorial; spiritual roots of rap; teaching dialect to singers; expressing African American religion in spirituals; Samuel Coleridge-Taylor's music; slave tradition of singing among the Gullah. The book contains indices by author, subject, and spiritual title. Additionally, an

appendix of spirituals by biblical reference, listing both spiritual title to scriptural reference as well as scripture to spiritual title is included. T. L. Collins, Christian educator, compiled the appendix.

From the Pulitzer Prize-winning author of *The Overstory* and the Oprah's Book Club selection *Bewilderment* comes Richard Powers's magnificent, multifaceted novel, *The Time of Our Singing*, about a supremely gifted—and divided—family, set against the backdrop of postwar America. On Easter day, 1939, at Marian Anderson's epochal concert on the Washington Mall, David Strom, a German

Jewish émigré scientist, meets Delia Daley, a young Philadelphia Negro studying to be a singer. Their mutual love of music draws them together, and--against all odds and better judgment--they marry. They vow to raise their children beyond time, beyond identity, steeped in song. But their three children must survive America's brutal here and now. Jonah, Joseph, and Ruth grow up during the Civil Rights era, come of age in the violent 1960s, and live out adulthood in the racially retrenched late century. Jonah, the eldest, "whose voice could make heads of state repent," follows a life in his parents' beloved classical music. Ruth, the youngest, chooses a

militant activism and repudiates the white culture her brother represents. Joseph, the middle child and the narrator of this generational tale, struggles to remain connected to them both. *The Time of Our Singing* is a story of self-invention, allegiance, race, cultural ownership, the compromised power of music, and the tangled loops of time that rewrite all belonging.

In this taut, chilling novel from the bestselling, Pulitzer Prize-winning author of *The Road*, Lester Ballard—a violent, dispossessed man falsely accused of rape—haunts the hill country of East Tennessee when he is released from jail. While telling his story, Cormac McCarthy depicts the most sordid aspects of life with dignity, humor, and characteristic lyrical brilliance. "Like the novelists he admires—Melville, Dostoyevsky, Faulkner—Cormac McCarthy has created an imaginative oeuvre greater and deeper than any single book. Such writers wrestle with the gods

themselves."

Throughout our lives, story is the medium each of us uses to make sense of our environment and relationships. Stories provide meaning and context, enriching our experiences and equipping us with a framework to navigate our existence. *Storytelling in Medicine* is a unique, practical book for healthcare trainees, practitioners and educators that explores the ideas and practice of narrative and storytelling that lie at the very heart of clinical medicine and the patient

‘experience’ of care. It shows how story and narrative can be used effectively to help convey concepts such as prognosis and the effect of illness upon life, and to prepare patients and their relatives for difficult and painful news. Offering a particular insight into communication by and between healthcare professionals, and how it can be refocused and improved, the book is an invaluable teaching aid for educators working in both small and large formats, and for under- and postgraduate students.

A child’s abduction sends a father reeling in this Whitbread Award-winning novel that explores time and loss with “narrative

daring and imaginative genius” (Kirkus Reviews, starred review). Stephen Lewis, a successful author of children’s books, is on a routine trip to the supermarket with his three-year-old daughter. In a brief moment of distraction, she suddenly vanishes—and is irretrievably lost. From that moment, Lewis spirals into bereavement that effects his marriage, his psyche, and his relationship with time itself: “It was a wonder that there could be so much movement, so much purpose, all the time. He himself had none at all.” In *The Child in Time*, acclaimed author Ian McEwan “sets a story of domestic horror against a disorienting exploration in time”

producing “a work of remarkable intellectual and political sophistication” that has been adapted into a PBS Masterpiece movie starring Benedict Cumberbatch (Kirkus Reviews, starred review). “A beautifully rendered, very disturbing novel.” —Publishers Weekly

Some Ruins and Monuments of the Thirties Springer

The Book That Launched an International Movement “An absolute must-read for parents.” —The Boston Globe “It rivals Rachel Carson’s *Silent Spring*.” —The Cincinnati Enquirer “I like to play indoors better ‘cause that’s where all the electrical outlets are,” reports a fourth grader. But it’s not only computers, television,

and video games that are keeping kids inside. It’s also their parents’ fears of traffic, strangers, Lyme disease, and West Nile virus; their schools’ emphasis on more and more homework; their structured schedules; and their lack of access to natural areas. Local governments, neighborhood associations, and even organizations devoted to the outdoors are placing legal and regulatory constraints on many wild spaces, sometimes making natural play a crime. As children’s connections to nature diminish and the social, psychological, and spiritual implications become apparent, new research shows that nature can offer powerful therapy for such maladies as

depression, obesity, and attention deficit disorder. Environment-based education dramatically improves standardized test scores and grade-point averages and develops skills in problem solving, critical thinking, and decision making. Anecdotal evidence strongly suggests that childhood experiences in nature stimulate creativity. In *Last Child in the Woods*, Louv talks with parents, children, teachers, scientists, religious leaders, child-development researchers, and environmentalists who recognize the threat and offer solutions. Louv shows us an alternative future, one in which parents help their kids experience the natural world more

deeply—and find the joy of family connectedness in the process. Now includes A Field Guide with 100 Practical Actions We Can Take Discussion Points for Book Groups, Classrooms, and Communities Additional Notes by the Author New and Updated Research from the U.S. and Abroad Richard Louv's new book, *Our Wild Calling*, is available now.

REVIEW OF CHILD OF OUR TIME

- The book not only told a nice story, but also did so like a poem. The art work/pictures were simple and clear, young children will feel at home with this book. This is much better for them to read than a lot

of other items available. let your child enjoy this one!

- This book is worth it for the early discussion on the Catholic faith and then Dr. Schreck's discussion of Justification by faith and works. If you are like me, you might have a Protestant view of salvation. For me I

could never quite reconcile this view with the book of James. If you are not quite sure of the Chhurch's position on faith, grace, works, salvation, etc., this book places it all in perspective and clearly explained. Th eother parts of the book were interesting, but not like the first third of the book.
