- I love books like this and was expecting something simple, this was more than what I expected. A must have if you are wanting to learn about aromatherapy.
- Just read this book (yet another great page turner) and i enjoyed the fact that Kendra uses everyday real life things in her books..i was so into this one i gotten upset every time my boyfriend called, i'd let him know he was interuppting me and Grace and nem...LoL. someone else said that it was a romantic and wholesome book....I have to agree! i pray that God continue's to use Kendra as a great author and continued her success...her books also have a way of having a person beleive that God still has some nice man or female out her and that all is not lost as far as a God ordained relationship goes...God Bless ya!
