## REVIEW OF 5000 AWESOME FACTS ABOUT EVERYTHING NATIONAL GEOGRAPHIC KIDS

- The first hand telling of WWII by a retired 4 star general. Detailed battle descriptions and analysis, and amazing individual encounters. Possibly THE BEST BOOK I HAVE EVER READ!!!!

- I think Shakespeare is an inspiration. The fact that after so many hundreds of years, people still relish his work and still find amazing beauty, mystery and wonder in his words shows what a amazing genius he was. I often wonder about today's literature and if it can possibly stand the test of time the way Shakespeare's has. And I seriously doubt it. What I think is most amazing is that whenever a new medium to publish arrives, Shakespeare is still one of the first writers to be showcased. And rightly so! As for the collection, I can't really fault it. My favorites are there and it's really nice that the publisher has collected not only the traditional, but these apocryphal plays. It immediately drew me to it. I have already read one of the new plays and it was fascinating from many different perspectives. I can't wait to read the others, although I am trying to pace myself.
