## REVIEW OF CLASSICAL MECHANICS JOHN TAYLOR SOLUTION MANUAL

- I really love her Scarpetta-books, but this is a true disappointment. Wimsical, sometimes uncomprehensive. And the end are so flat and short that you wonder if you lost the last twenty pages. There's a lot of promising plots that Cornwell starts but she seems too unfocused to give them a satisfactory solution. And please, Madame Scarpetta, stay in Richmond. The Paris excursion with the "Hunchback from Notre Dame"- theme are a bit too thick for European-audience.

- This is the first time I have listened to this author's book. I am on the road all the time and audio books is the way to travel. I couldn't wait to get back in the car to listed to it. I gave it 4 stars instead of 5 only because at times it was a little unbelievable but it's entertaining!
