REVIEW OF 365 SCIENCE OF MIND

- How to Write a Book Proposal is not all bad- I highlighted many sentences, and I did pick up some good tips. However, I felt like

I was touring the Winchester Mystery House in San Jose--that 160-room mansion comprised of endless additions and oddities because the heiress compulsively felt that she had to keep the construction continuing. The book is in fact the 3rd edition, but some extra editing would have helped rather than just multiplying pet entries. Larsen might be able to write an irresistible proposal for himself, but he hasn't written an irresistible book. I wearied in reading countless times that I would have to have a marketing plan that would sweep the publisher off his or her feet, that I would have to obtain quotes and recommendations from famous people, and that I would have

to promote endlessly on tours across the nation. Perhaps these are essential to getting published, but then I am left scratching my head in wonder as I look at all the mediocre material on the booksellers' shelves. Lots of people seem to have slipped through. And when I read his sample gems, I quickly grew bored. The main problem that I had with the book was that it felt like a hodgepodge of ideas that kept overlapping each other. I am a person who appreciates good organization and order. This book left me feeling that I would have to edit it first to then be able to use it. If you are a new (promising) writer prone to discouragement, I would not read this

book. However, if you think writing would be a neat whim and easy, then you should read this book. You will throw up your hands in despair and save yourself and the publisher who might have to look at your material a lot of wasted effort.

- Mossflower is one of the few books that I

have read. I bought it at a book fair at my school. This book is probably my all-time favorite. If you are interested in this book you should buy it. It's an excellent action packed book, it also has suspense. Brian Jacques is an excellent writer and I can't wait until I can read Redwall or The Long Journey.
