REVIEW OF DAVE RAMSEY CHAPTER 1

- The Bonfire of the Vanities, is an overwhelming insane story, but yet it has such a devout social commentary correctness to it, that to ignore it would be unjust.Wolfe creates an amazing story line, which throughout the whole book is very consistent, but yet at the same time drifting. Every character in the book is given their own personality, problems, and mini-story line, in essence their own book. As the story moves along everyone is pulled together in the overriding story line but yet again they stay consistent to their own stories. You end up watching every individual character play their own role and you ge tot know them more than it seems necessary, although in the end you realize why you needed so much detail.Not only does Wolfe provide lavishly entertaining characters, but also a strong commentary by the master himself. Every word printed in the book is a reflection on how Wolfe views the world, and the types of people we really are. Although never having visited New York myself, Wolfe creates more than realistic picture of how he and the rest of the world view New York. The rich vs. the poor or the black vs. the white. Everyone is placed in one group or the other whether they like it or even fit into it...Wolfe's commentary and vivid use of racist terms at times becomes hard to bare and understand. Although with out it, it would be just a simple book, never a bestseller. It is exactly this type of language that makes the book more than an interesting read, but also an insightful and provocative journey through the mind of Tom Wolfe and the world he sees.

- This is a nice edition (Kindle). Steinbeck's prose style is simple, yet he gives a sense of people and place that create vivid pictures of them. The most interesting aspect of these stories for me were how they reminded me of Classical Greek Tragedy -- that is they are about how people exercise their freedom of choice and express their dignity within the circumstances of their lives over which they have no control. However, unlike the gods and heroes of that genre, Steinbeck does this for very

ordinary people. The stories make the reader think about how each of our lives are the same. We have circumstances, such as affluence or poverty, disability, the family we are born into, chance acquaintances encountered in our work lives, people we just meet randomly under significant

circumstances, war, etc. over which we have limited or no control. But it's how we decide to act within these circumstances that is the theme that makes these stories relevant for anyone's life. BTW, the story that impressed me the most was one I'd never heard about before, "The Moon is Down".
