Third Workshop of the Cross-Language Evaluation Forum, CLEF 2002. Rome, Italy, September 19-20, 2002. Revised Papers Commonwealth Secretariat

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification

issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Relevance Ranking for Vertical Search Engines Springer

Just before he is awarded the Victoria Cross for courage and bravery in the Delhi Rebellion of 1857, a black British colonel named Reginald Peabody discovers that he has inherited a tobacco plantation in Virginia. After he and his lifelong friend, Nicolas Squires, escape court-martial in England for speaking against the British government, they arrive in Virginia and have to deal with the plantation's overseer whose family has managed the land for more than one hundred years. When Peabody frees over three hundred slaves and offers them equal shares of land, runaways from all over the South converge on the farm. But when the Virginia state government charges him with property theft, Peabody's estate wages war with the Virginia militia. Underestimating the training skills of two battle-experienced British officers, the militia is ill prepared. To end the tension, Peabody offers Virginia a proposal that will alter the country's destiny

New York Supreme Court Appellate Division Third Department Springer Science & Business Media

Thirty-three-year-old William Bradford and his close friend, sixty-year-old Thomas Wingate, are disillusioned with the excessive expenditures of the federal government. They launch a website, www.SaveAmerica.com, to influence government and the voting populace. Bradford and Wingate offer a one million dollar reward to any person who can rid the federal government of the most fiscally irresponsible Congressmen. At intervals, the Save America team, based in Aiken, South Carolina, features a different fiscally irresponsible politician on its site, and those selected will consider almost any requests in exchange for their names and image to be deleted from www.SaveAmerica.com. Senator Jones is one of these men. He's been on Capitol Hill for five terms and has been a fixture in the Senate for thirty years. A

day after his image appears on Save America, Jones is killed and many blame www.SaveAmerica. But donations continue to pour in, providing William and Thomas additional funds to support their effort. While trying to maintain their obscurity, William and Thomas must overcome a host of obstacles to help them attain their goal of curtailing excessive government spending.

16th European Conference, Glasgow, UK, August 23–28, 2020, Proceedings, Part XXVII CRC Press

The essential guide to buying the perfect investment property Interest in buying property is at an all time high. But while everyone's talking about it, the number of people actually doing it isn't escalating at the same rate. The reason is simple: would-be buyers are being held back by fears that they'll choose the wrong property, and pay too much for it, too. Find the Right Property, Buy at the Right Price is here to help, putting author Melissa Opie's 25-year history in real estate at your fingertips so that you can be certain you're making the right decision. Part of the reason buyers are so worried about making a bad deal is that the market moves so fast and 'current' information dates quickly. Every quarter, newspapers all over Australia print median house prices, indicating which areas have gone up and by how much. But there's so much more information a buyer needs to feel confident before dipping their toes in the property-buying waters. With this book in hand, you'll have that all-important extra knowledge. Answers key questions like 'Which properties should I target in these "boom" areas?' and 'How do I know I'm paying the right price?' Distils property-buying rhetoric in a simple, easy-to-follow way Features numerous case studies and real-life examples to help illustrate strategies and potential pitfalls Includes checklists to help you make sure you aren't missing anything when buying a property Find the Right Property, Buy at the Right Price is here to allay your property-buying fears. From a respected expert with an impeccable track record, it's the only book you need to make a responsible, informed, and profitable purchase.

Records & Briefs New York State Appellate Division Springer Science & Business Media

The current crisis has rocked the financial system worldwide and has cast doubt on the effectiveness of the existing regulatory regime. Thousands of firms have gone bankrupt and many financial institutions were bailed out by governments. The effects of the crisis have shaken emerging and developing markets alike and have not spared neither small nor large businesses. Many scholars and practitioners attribute the roots of the crisis to failures and weaknesses in the way corporate governance has been practiced since the mid-1990s. Lax board oversight of top management, short-termism and self-interested behavior have been fingered as the culprits behind recent financial turmoil. This book highlights the recent developments and new trends in corporate governance. The eighteen chapters, written by leading academics and experts, can assist corporate executives, governance bodies, investors, market regulators, and policymakers in having a global picture of major corporate governance issues. Cryoelectron microscopy of biological molecules is among the hottest growth areas in biophysics and structural biology at present, and Frank is arguably the most distinguished practitioner of this art. CryoEM is likely over the next few years to take over much of the structural approaches currently requiring X-ray crystallography, because one can now get good and finely detailed images of single molecules down to as little as 200,000

MW, covering a substantial share of the molecules of greatest biomedical research interest. This book, the successor to an earlier work published in 1996 with Academic Press, is a natural companion work to our forthcoming book on electron crystallography by Robert Glaeser, with contributions by six others, including Frank. A growing number of workers will employ CryoEM for structural studies in their own research, and a large proportion of biomedical researchers will have a growing interest in understanding what the capabilities and limits of this approach are.

This book presents the thoroughly refereed post-proceedings of a workshop by the Cross-Language Evaluation Forum Campaign, CLEF 2002, held in Rome, Italy in September 2002. The 43 revised full papers presented together with an introduction and run data in an appendix were carefully reviewed and revised upon presentation at the workshop. The papers are organized in topical sections on systems evaluation experiments, cross language and more, monolingual experiments, mainly domain-specific information retrieval, interactive issues, cross-language spoken document retrieval, and cross-language evaluation issues and initiatives.

REVIEW OF CROSS PROPERTY SEARCH

• Wonderful collection of stories about our WWII heros with nice commentary from the NBC newsman. Women and minorities are dutifully included, with the exception of the homosexual community. Tom's researchers could've dug a wee bit deeper. But all in all, it's a beautiful book with well-written, moving remembrances and photographs.

• She is one of my all time favorite characters. I especially LOVE her for students who might need some encouragement about anything that makes them different. We all fall in love with Amelia Bedelia and that love and respect transfers to anyone who might do or say things a little differently than others. Not to mention how it is just plain old fun to pick up one of her books and LAUGH!
