Thanks for selecting our system for your PDF downloads. We expect providing you with outstanding service and varied choices for many years to find.

## REVIEW OF KISSING THE WITCH OLD TALES IN NEW SKINS TIKICATVELVET

- Weren't the 1950s supposed to be the era of the organization man: a man who leads a life of prescribed normalcy without questioning? But Harry "Rabbit" Angstrom, a high school basketball star of only minor repute just eight years ago, now at age twenty-six, circa 1959, a demonstrator of vegetable peelers and married to Janice with whom he has lost a sense of connection, is unable to find equanimity in his life. One night, instead of picking up his young son, he runs; his all-night automobile journey is almost directionless but he returns by morning to his small town in Pennsylvania, where he struggles over the next few months to understand his situation and get his life together. Rabbit at first seeks refuge with his old coach, through whom he finds Ruth, a rather down and out young woman - the anti-Janice - who wants nothing to do with him, but who finally provides Harry some stability. He also encounters a

youngish Rev Jack Eccles, who sees core goodness in Harry, prods him during weekly golfing sessions, and builds bridges between Harry and Janice and her family. A reconciliation with Janice is short-lived with tragic consequences, leaving Harry still, literally, running at the end. The book has the author's typical highly nuanced descriptions, which can at times be very awkward and difficult, making the book a bit of a slow read. Despite lengthy descriptions of the fictional towns of Brewer and Mt. Judge, they remain rather muddled. Harry is not a reflective person, but the author subtly captures his appeal, especially to women. Characterizations are a strength of the book. Eventually, the actions and thinking of Ruth, Janice, her parents, etc come to be appreciated and understood. With Harry left in such a state of uncertainty at the end of the book, it is by no means predictable where Harry will be physically or mentally in the sequel to this book. It may be debatable as to whether Harry is worth writing about. Perhaps he can be viewed as an everyman of the 1950s, especially one who fell through the cracks. It would have been interesting to see the author address the options that Harry had out of high school. What was he actually prepared to do? Why did he slip to being a vegetable-peeler demonstrator? But then maybe authors in the 1950s didn't question much more than their characters. The book barely slips in as a four-star.

- I probably read "Rabbit, Run" when I was in my twenties, about fifteen years after the novel was first published, in 1960. Since then, I've read many Updike novels, included all four in the "Rabbit" Series. Recently---rest in peace, John Updike---I read it again, my way of putting flowers on his grave, I guess. I wondered if it would hold up. It did. I'd forgotten that so many passages are written in stream of consciousness, and I'd guess that readers who prefer more straightforward narration will not care much for "Rabbit, Run." I'd forgotten entirely the wry and affectionate portrait of Reverend Eccles, whose ministrations to Rabbit are for naught, and it was a pleasure to catch this on the second reading. I remembered Ruth and Janice very well, and probably had more sympathy for them than I did a few decades ago. The city of Mt. Judge, described with the clarity of a photograph and with the eye of a painter, reminded me all over again of how lovely Updike renders the most humble details of everyday life. And Rabbit? Well, he's as appealing as ever in his misery, although returning to him after knowing how his life turns out (the successful car dealership, etc. in the sequels) made him seem less lost. Don't read this novel just because it's famous. Read it for one of the truest portraits of mid-twentieth century American life you'll ever find.
