REVIEW OF THE FAMILY MARIO PUZO PDF

- The readers sit, captivated by the novel, *The Chosen*. This summer I was one of those readers. I think that the reasons for this captivation are the two boys' friendship, the changing of their understanding of religion, and the phases of growing into men. All of the reasons above come together in friendship because their friendship changes, as they understand religion and manhood. These changes in friendship are especially hard for Rueven because he has to understand Danny and Danny's father. These misunderstandings between Rueven and Danny's father make the conflict very exciting. One of the major arguments that make the boys' friendship very tense is about Zionism. This argument is between Rueven and Danny's father. The book is also very powerful because as you go through it you begin to understand the politics that are going on at that time. Rueven starts talking about Zionism and how so many people want it. Reb Saunders, Danny's father, becomes very angry, and comes back with a speech that ends with, "True Jews do not say such things!" (199). This makes Rueven think about what a true Jew is; although Rueven is very religious. It also makes Rueven think about their contrast in thoughts before speaking to Reb Saunders again. Their friendship changes as well because Danny doesn't want his father to get so angry, but he secretly agrees with Rueven on Zionism. This is an example of a religions and political phase changing a friendship phase in their lives. *The Chosen* is a coming of age book. The main point the author, Chaim Potok, is trying to get across is the change from boyhood to adulthood and how this change affects the boys' friendship and their friends. The book changes from a childhood story to a deep moving story about two men. This is done by starting out with a childhood activity: playing baseball. As the book progresses the boys' conflicts become more sophisticated and their ideas about religion change as well. An example of a younger conflict is Rueven not wanting to become friends with Danny although Danny is truly sorry for what he did. This is resolved by Rueven's father who knows Danny. He tells Rueven to befriend Danny and finally Rueven gives in. An example of an older, more sophisticated conflict is about Danny. He should become the next rabbi, but he wishes to go to college instead. Reb Saunders does not want him to go, and Danny does not want to see his father angry with him. He decides to go to college, convinced by Rueven and his own inner feelings. This is a conflict only an older and more mature boy would have. Through these changes the boys'

friendship really changes. When Rueven is in the hospital he really grows from a boy into a teenager. He does this by learning that Danny is not an enemy. As they grow into men their friendship goes through phases of talking and not talking. This is because Reb Saunders forbids Danny to talk with someone who is in favor of Zionism. I think that when they are not talking they grow and learn more. This is because they have to learn to keep their friendship alive in silence. The Chosen is an amazing book for many other reasons as well, such as the politics, Danny's regular reading periods with Rueven's father, and Rueven's father learning to deal with his health. The ones I have discussed are the ones that I think hold the book together. I think that Chaim Potok did a very good job at getting his message of how boys grow up and the different phases of their feelings that help them grow into men across. The story really draws you into the book so you are living with the boys, trying to help the along. I really enjoyed this book and I would greatly recommend it.

- Being a book person, I have done a lot of reading. The majority of the books I read are forgotten soon after. However, it has been more than a year since I first read The Chosen, and I have certainly

not forgotten it. In fact, my understanding of the book is far more acute than it was when I finished that book for the first time. Briefly summarized, this book is about two Orthodox Jewish boys from Brooklyn who have grown up in strikingly different societies and have been exposed to strikingly different views, whose lives are bound by a single event at a baseball game. The boys form an unlikely friendship, through which they each learn about the other's world. They each grow from this friendship, and, ultimately derive from it the courage to follow their dreams. Whether or not the reader is familiar with the world of Orthodox Judaism, he/she can't help feeling drawn to the characters of Reuven Malter and Danny Saunders. Chaim Potok portrays these characters so beautifully, they don't come of seeming like characters at all, but like people -- real people whom the reader can care about. A few chapters into the book, the reader will feel him/herself becoming a part of these characters, and engulfed in their Brooklyn world. The book goes from chapter to wonderful chapter, until the unusually captivativating final chapter, which will leave you wanting to know more. To read more about these luminous characters, read The Promise, a sequel to The Chosen.
