### **REVIEW OF AGRISCIENCE FUNDAMENTALS AND APPLICATIONS 3RD EDITION**

- Warriors: Into The Wild is the beginning of an excellent series. The star is Rusty, an ordinary house cat with an ordinary and extremely boring life. But after a rough tussle with an apprentice, Bluestar, leader of ThunderClan invites him to leave his old life and train to become a warrior. And so begins a fantastic story. Rusty is soon given the name Firepaw, and becomes friends with Graystripe. Due to his kittypet heritage, he is barely trusted. At the same time, ThunderClan's deputy has died, and Tigerstar's apprentice, Ravenpaw is terrified for some reason. ShadowClan is acting odd, and WindClan has disappeared. But in the midst of it all stands a mysterious prophecy from StarClan: Fire will save the Clan. This is the beginning to an excellent series! The character development is phenomenal! The plot is just really good. Cat lovers will love it, and cats haters will love it. Yes I was converted to a cat lover from reading this book! For fantasy, animal and literature lovers alike, this great book is bound to please!

- I love this book! I recommend this book to anyone who likes a ongoing story. The warriors series go's on forever so don't worry about sipping through all of the books too fast! The first book is about a "kittypet" named Rusty who wanders into the forest where he finds 4 clans of cats . One clan welcomes him in ; and Rusty becomes a warrior.-----Articriver,
