REVIEW OF 8815009450 IT29

- I thought that I was doing ok financially until I read this book. There is little or no financial insight or direction to this book. I really never got the point. It makes you feel that unless you are worth a minimum of 10 million dollars you might as well check into the poorhouse. I kept reading hoping to get the point and it was never there!

- Roy Valentine's book "The System" is deceptively simple. However, it only works IF you have the time to implement it. otherwise, you should be getting laid every week instead of every day as the book promises (At least until you acquire enough girls for booty calls, which the book also recommends). It also would help greatly if you live in a large city where the 1% rule can be implemented. Otherwise, you will run out of girls to seduce quickly. This book gives the average man the confidence and the BASIC verbal skills and techniques necessary to get laid every night. However, unlike what the book says, you should be reasonably attractive to women in order to seduce 1 out of every 100 girls (the 1% rule), based on my experience. Generally, if this book was a college course, it should be called "Getting Laid 101".
