In the Sunday Times bestseller *Gates of Fire*, Steven Pressfield tells the breathtaking story of the legendary Spartans: the men and women who helped shaped our history and have themselves become as immortal as their gods. 'Breathtakingly brilliant . . . this is a work of rare genius. Savour it!' DAVID GEMMELL 'A tale worthy of Homer, a timeless epic of man and war, exquisitely researched and boldy written. Pressfield has created a new classic' STEPHEN COONTS 'A really impressive book - imaginatively framed, historically detailed and a really gripping narrative' ***** Reader review 'Beautifully written and a great joy to read' ***** Reader review ***** Go tell the Spartans, stranger passing by, That here, obedient to their laws, we lie. 480 BC: At a bleak pass in a far-flung corner of eastern Greece, three hundred Spartan warriors faced the army of King Xerxes of Persia, a massive force rumoured to be over a million strong. Their orders were simple: to delay the enemy for as long as possible in order to buy time for the main Greek armies to mobilize. For six days the Spartans held the invaders at bay. In the final hours - their shields broken, swords and spears shattered - they fought with their bare hands before being overwhelmed . . . It was battle that would become synonymous with extraordinary courage, heroism and self-sacrifice. It was a battle called Thermopylae.

The Lion's Gate Vintage

What kind of world are we making for ourselves? Martin Bell uses his personal experiences as a reporter of eleven wars (to date), and independent MP, to write an impassioned, heartfelt and coruscating call to arms. The three central theses are the way in which war, politics and journalism have changed beyond all recognition in the past thirty years. As Kofi Annan said, we have entered the 21st century 'through gates of fire' and Bell pleads with poetic conviction for a stark reappraisal of the world we're creating for ourselves. He has had first-hand experience in Afghanistan, Malawi, Rwanda, Kosovo, Serbia, Bosnia and the first Gulf War. He has been an independent MP and testified at The Hague. In Bell's words, 'this is a world in which it isn't even safe to be dead'. In the first World War 90% of casualties were soldiers; in recent wars 90% of casualties are civilians. The advent of 'live' conflict coverage on CNN has led to television being used as just another propaganda tool where the truth is difficult to find. Such facts can be gleaned from the saturation coverage we're experiencing of the current Gulf War, but Martin Bell is keen to place this in a wider context and warn of

Eddie Gallagher and the War for the Soul of the Navy SEALs Games Workshop

Chronicles the battle of three hundred Spartan warriors against a huge force of Persian soldiers in 480 B.C. against the background of life in ancient Sparta and its extraordinary culture.

[New Perspectives on the Battle of Thermopylae](#) Bantam

The Story Behind THE LEGEND OF BAGGER VANCE If you've read his books THE WAR OF ART and TURNING PRO, you know that for thirty years Steven Pressfield (GATES OF FIRE, THE AFGHAN CAMPAIGN etc.) wrote spec novel after spec novel before any publisher took him seriously. How did he finally break through? Ignoring just about every rule of commercial book publishing, Pressfield's "first" novel not only became a major bestseller (over 250,000 copies sold), it was adapted into a feature film directed by Robert Redford and starring Matt Damon, Will Smith, and Charlize Theron. Where did he get the idea? What magical something did THE LEGEND OF BAGGER VANCE have that his previous manuscripts lacked? Why did Pressfield decide to write a novel when he already had a well established screenwriting career? How does writing a publishable novel really work? Taking a page from John Steinbeck's classic JOURNAL OF A NOVEL, Steven Pressfield offers answers for these and scores of other practical writing questions in THE AUTHENTIC SWING.

[Gates of Stone](#) W. W. Norton & Company

An account of the ancient battle between Persia and the alliance of Greek city-states, including the legendary "300 Spartans." In 480 BCE, Persian

king Xerxes led a massive invasion of Greece. A critical point in this invasion was the battle for the pass at Thermopylae—"Hot Gates" in Greek. Xerxes had amassed one of the largest armies yet known to man, while Leonidas's troops, a group of united Spartans, Thespians, Thebans, and others, including slaves, were a small fraction of the Persian horde. Despite the overwhelming odds, Leonidas and his men stood their ground for three days in a historic display of patriotism and courage. In *Thermopylae: Battle for the West*, acclaimed author Ernie Bradford covers the entire era of the invasion—from the foundation of the Persian empire to the accession of Darius all the way to the final, bloody battles—in a fascinating and accessible look at warfare in ancient times.

Killing Rommel Harper Collins

A psychiatrist chronicles his rookie year working with serial killers and mass murderers at California's Gorman State hospital for the criminally insane, which was punctuated by moments of extreme violence. 35,000 first printing.

Rule of Fire Casemate Publishers

An epic account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America's special forces—from a Pulitzer Prize-winning reporter "Meticulously assembled and brilliantly written . . . [a] remarkable and engrossing book."—The New York Times By official accounts, the Navy SEALs of Alpha platoon returned as heroes after their 2017 deployment to Mosul, following a vicious, bloody, and successful campaign to drive ISIS from the city. But within the platoon a different war raged. Even as Alpha's chief, Eddie Gallagher, was being honored by the Navy for his leadership, several of his men were preparing to report him for war crimes, alleging that he'd stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. Many young SEALs regarded Gallagher as the ideal special operations commando. Trained as a sniper, a medic, and an explosives expert, he was considered a battle-tested leader. But in the heat of combat, some in his platoon saw a darker figure—a man who appeared to be coming unhinged after multiple deployments in America's forever wars. Their excitement to work with a tough, experienced chief soon gave way to a grim suspicion that his thirst for blood seemed to know no bounds and a belief that his unpredictability was as dangerous as the enemy. In riveting detail, Pulitzer Prize-winning New York Times correspondent David Philipps reveals the story of a group of special operators caught in a moral crucible—should they uphold their oath and turn in their chief, or honor the SEALs' unwritten code of silence? It is also a larger story of how the SEAL Teams drifted off course after 9/11, and of the "pirate" subculture that festered within their ranks—a secret brotherhood that, in a time of endless war with few clear victories, made the act of killing itself the paramount goal. The investigation and trial following Alpha's deployment—and Gallagher's ultimate acquittal on the most serious charges—would pit SEAL against SEAL, set the Navy brass on a collision course with President Donald Trump, and turn Gallagher into a political litmus test in a hotly polarized America. A page-turning tale of battle, honor, and betrayal, Alpha is a remarkable exposé of the fault lines fracturing a country that has been at war for a generation and counting.

[The Authentic Swing](#) Crown

A thrilling WWII tale based on the real-life exploits of the Long Range Desert Group, an elite British special forces unit that took on the German Afrika Korps and its legendary commander, Field Marshal Erwin Rommel, "the Desert Fox." Autumn 1942. Hitler's legions have swept across Europe; France has fallen; Churchill and the English are isolated on their island. In North Africa, Rommel and his Panzers have routed the British Eighth Army and stand poised to overrun Egypt, Suez, and the oilfields of the Middle East. With the outcome of the war hanging in the balance, the British hatch a desperate plan—send a small, highly mobile, and heavily armed force behind German lines to strike the blow that will stop the Afrika Korps in its tracks. Narrated from the point of view of a young lieutenant, *Killing Rommel* brings to life the flair, agility, and daring of this extraordinary secret unit, the Long Range Desert Group. Stealthy and lethal as the scorpion that serves as their insignia, they live by their motto: Non Vi Sed Arte—Not by

Strength, by Guile as they gather intelligence, set up ambushes, and execute raids. Killing Rommel chronicles the tactics, weaponry, and specialized skills needed for combat, under extreme desert conditions. And it captures the camaraderie of this “band of brothers” as they perform the acts of courage and cunning crucial to the Allies’ victory in North Africa. Combining scrupulous historical detail and accuracy with remarkable narrative momentum, Pressfield powerfully renders the drama and intensity of warfare, the bonds of men in close combat, and the surprising human emotions and frailties that come into play on the battlefield to create a vivid and authoritative depiction of the desert war.

The Warrior Ethos Spectra

Lauren Dane discovers a doorway to another reality in Cat Creek, North Carolina -- and she crosses over, driven by a strange compulsion she can neither resist nor comprehend. Molly McColl is brought there against her will -- kidnapped from her trailer and carried into a realm that traps her, terrifies her...yet offers her a strange and wondrous escape. In an extraordinary universe of magic and monsters, two strangers sharing only pain and loss must now pursue the destiny that has united them. Because worlds are suddenly threatened by an evil beyond imagining -- the world they have entered...and the one they have left behind.

Last of the Amazons Bantam

Inside the Gates of Heaven is one of the most compelling accounts of an individual's encounters with God in this generation. Not only does this account take you on a journey through the gates of glory, it answers some of the questions long asked by many about our eternal destination. I have personally read and re-read this account in light of what the Lord is revealing to many of us in this hour and find that Brother Oden was a forerunner for many of us. His words and experiences have been repeated through many others who have had similar experiences. The Lord is truly trying to encourage this generation with the reality that awaits all of us - Heaven, our eternal destiny. Bruce Allen For those unsure of the existence of Heaven, Oden Hetrick’s detailed account of his visits to the place we all long for serves as a true doubt-demolisher and faith-injector. The fact that Oden led an exemplary righteous, Christian life lends further credence to his written testimony. It was my honor both to have known him as a friend and to have been inspired by his great faith. Steve Jones Extra Mile Ministries www.extramileministries.net The Hetrick family is very special to me. They adopted me into their family like a daughter and sister, and have blessed me in many ways. Dad Hetrick was a genuine man of God with a gentle spirit. I trust you will be blessed and edified by what the Lord has revealed to him. I look forward to experiencing the exciting glories of Heaven soon that he has left on record for our encouragement and instruction. Arlene A. Cober

A Novel North Atlantic Books

Book 2 in the Warhammer 40,000 Mega-series, "Dawn of Fire". As the Indomitus Crusade begins, great fleets warships leave Terra on a desperate mission to stabilise Imperium Sanctus in the wake of the Great Rift. The returned primarch, Roboute Guilliman, leads a huge force towards the shrine world of Gathalamor, whose stable warp routes will allow the flotilla to spread across the beleaguered southern half of the Imperium. But grave tidings reach the Imperial Regent's ears. Warnings from an ancient race and eerie silence from the army tasked with holding the crucial world until his arrival, lead Guilliman to send a vital mission to Gathalamor; at its head, Shield-Captain Achallor of the Adeptus Custodes. Achallor discovers a world on the brink, a beaten Imperial force and sinister agents of Abaddon the Despoiler who have unearthed an ancient evil, a weapon that when harnessed not only threatens the primarch, but perhaps the holy Throne of Terra itself...

Open Road Media

The Battle of Thermopylae in 480 BC is one of the most famous battles in history. The heroism of the 300 Spartans who opted to remain behind to face the full might of the Persian host while their Greek allies made good their escape has become the stuff of legend. The story still inspires novelists and film-makers today (Frank Miller's fanciful 300 was a huge hit in 2007 and the film rights to Steven Pressfield's more historical novel Gates of Fire were bought by George Clooney, the film expected to finally surface in 2011 or 2012). But what is the truth behind the legends and why was this bloody defeat immediately accorded a halo of glory that has endured for nearly two-and-a-half millennia? Beyond the Gates of Fire brings together experts on the classical period from Australia, New Zealand and the United States to take a fresh look at various aspects of the battle. A substantial introductory section by the editors outlines the background to the conflict as well as the arms, armor and fighting styles of the opposing sides. The following chapters (9 of them) then discuss such questions as whether the defense of the pass really was a suicide mission; the exact topography of the battlefield itself in 480 BC, using the latest geological research and core samples; the impact of the battle on the Greek psyche; commemoration of the war dead; the impact of the original battle on the conduct of later battles in the pass, right up to the German invasion of 1941. For the classical scholar or the general reader whose interest has been piqued by the popular books and films, this book is sure to shed refreshing new light on the most famous last stand in history.

An Epic Novel of the Battle of Thermopylae Bantam Dell Publishing Group

"Three young Americans smuggle a million hits of LSD into India for Reasons both idealistic and venal . . . sweeping mystical enlightenment, compelling characters... Brilliant writing in this rather spooky and very sexy first novel." - Detroit Free Press

An Epic Novel of the Battle of Thermopylae Xlibris Corporation

NATIONAL BESTSELLER • “Steven Pressfield brings the battle of Thermopylae to brilliant life.”—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . .

Gates of Fire Crown

A groundbreaking exploration of what it means to be a late bloomer in a culture obsessed with SAT scores and early success, and how finding one's way later in life can be an advantage to long-term achievement and happiness. We live in a society where kids and parents are obsessed with early achievement, from getting perfect scores on SATs to getting into Ivy League colleges to landing an amazing job at Google or Facebook--or even better, creating a startup with the potential to be the next Google or Facebook or Uber. We see software coders becoming millionaires or even billionaires before age 30 and feel we are failing if we are not one of them. But there is good news. A lot of us--most of us--do not explode out of the gates in life. That was true for author Rich Karlgaard, who had a mediocre academic career at Stanford (which he got into by a fluke), and after graduating, worked as a dishwasher, nightwatchman, and typing temp before finally finding the inner motivation and drive that ultimately led him to start up a high-tech magazine in Silicon Valley, and eventually to become the publisher of Forbes magazine. There is a scientific explanation for why so many of us bloom later in life. The executive function of our brains doesn't mature until age 25--and later for some. In fact our brain's capabilities peak at different ages. We actually enjoy multiple periods of blooming in our lives. Based on several years of research, personal experience, and interviews with neuroscientists and psychologists, and countless people at different stages of their careers, Bloom reveals how and when we achieve full potential--and why an algorithmic acuity in math is such an anomaly in terms of career success.

Slavery by Another Name Simon and Schuster

WARS CHANGE, WARRIORS DON'T We are all warriors. Each of us struggles every day to define and defend our sense of purpose and integrity, to justify our existence on the planet and to understand, if only within our own hearts, who we are and what we believe in. Do we fight by a code? If so, what is it? What is the Warrior Ethos? Where did it come from? What form does it take today? How do we (and how can we) use it and be true to it in our internal and external lives? The Warrior Ethos is intended not only for men and women in uniform, but artists, entrepreneurs and other warriors in other walks of life. The book examines the evolution of the warrior code of honor and "mental toughness." It goes back to the ancient Spartans and Athenians, to Caesar's Romans, Alexander's Macedonians and the Persians of Cyrus the Great (not excluding the Garden of Eden and the primitive hunting band). Sources include Herodotus, Thucydides, Plutarch, Xenophon, Vegetius, Arrian and Curtius--and on down to Gen. George Patton, Field Marshal Erwin Rommel, and Israeli Minister of Defense, Moshe Dayan.

REVIEW OF GATES OF FIRE

- I had gleaned from reading that this was one of the best copies of the story. It was in a little rougher shape than stated, but am please to have it. Being able to buy used items, especially DVD sets and books is great. Thank you.
- I had to read this book for school and I enjoyed it but some parts were rather frightening and didn't make much sense. Alice operates on many levels such as math and logic and can be the subject of many activities. The illustrations, though interesting, might be enough to give small children nightmares.
