REVIEW OF STOLEN SMUGGLED SOLD ON THE HUNT FOR CULTURAL TREASURES

- in one of its periodical fits of morality." Lord Macaulay.For England the year 1722 was not one in which the public engaged in a fit of morality. No, 1722 was a year filled with plots to overthrow the Hanoverian King George in order to restore the Stuarts to the throne. It was a year in which the panic caused by the collapse of the South Sea Bubble came to a head. It was, finally, a year in which a general election was held in which the Tories, thought to be sympathetic to the Stuarts, did battle with the Whigs, sympathetic to King George. Many thought a Tory victory would lead to a restoration of the Stuarts. Much was at stake. 1722 was a year of spectacles but it was a year in which an exceedingly dirty and violent election campaign turned the year into a spectacle not of morality but of corruption.David Liss tosses Benjamin Weaver, the protagonist of his well-received *Conspiracy of Paper*, into the middle of this political maelstrom. Weaver is a retired boxing champion and well known throughout London. However, he is Jewish, and as such his boxing fame cannot provide him with an entry point in English life generally. He is not permitted the right to vote and he would not be welcomed into most clubs or at most social functions. He works as a thieftaker (he finds stolen property and returns it to its owner for a fee) and a private investigator of sorts.Weaver is hired to find out who has been sending threatening letters to an Anglican priest who has been speaking out on behalf of oppressed dock workers. Almost immediately upon commencing his investigation Weavers is arrested, tried, convicted and sentenced to death for the murder of a dockworker. It is a murder Weaver did not commit. It is clear from the start of the trial that the fix is in but as he is carried off to Newgate prison to await execution a mysterious woman slips Weaver the tools from which he manages to escape. A wanted man, Weaver assumes a new identity while trying desperately to unravel the events that triggered his being framed for murder.It seems that Weaver's investigation on behalf of the priest has placed him in the crosshairs of both the Whigs and the Tories in the middle of the 1722 election campaign. Nothing is as it seems. Weaver cannot vote and does not therefore have an interest in politics. This makes it even harder for him to analyze his situation. His old adversary and fellow thieftaker Jonathan Wild plays a major role yet Weaver cannot understand why Wild might actually reach out to help him in his endeavors. The love of his life, Miriam, also plays a major role. She has, since *Conspiracy of Paper*, married a British aristocrat and converted to Christianity. Her husband is running for parliament. He may be a friend and ally but Weaver cannot be sure.Spectacle of Corruption made for a very enjoyable read. It is difficult for anyone writing historical or political fiction to provide enough background material so that any reader can enjoy the full flavor of the book. Liss does an excellent job of setting the table without turning the novel into a text book. There may be parts where the complexities of the political system take a while to explain. However, those explanations help the reader actually understand what Weaver is up against. More importantly, Liss keeps the story line going and does a good job keeping the excitement level up, even when the pace slows down a bit. I think Liss has done a decent job fleshing out the personalities of his principal characters. There seems to be more depth to the characters than existed in *Conspiracy of Paper*. This bodes well for an eventual third volume.All in all a book worth reading.

- My daughter has comprehension problems and does much better when reading along with someone. She was able to listen to the book being read and follow along with the printed copy on our computer. She understood it and did very well on the tests.
