REVIEW OF AIR REGULATION CPL ATPL

- A girlfriend told me I had to read Eragon. So I got the book. Eragon is my sleep's nemesis. I have seen more sunrises because of Christopher Paolini than because of all the alarm clocks I've ever owned. I've read Eragon three times back to back. Somebody help me! I can't stop reading Eragon. I'm living in Alagasia. When's Eldest coming out? Movie? Gina Pozzi
- This book really isn't that bad. When I first picked it up and read the first few pages, I said to myself, Whoa, this book won't be good. But then after reading for a while, the book started to become great. It was so great that it took me only 4 days to read! If you liked the Lord of the Rings books, you'll definitely like this. So go out pick this book up, and read it. I'm sure you will be stuck in it for a while.
