Bear in mind, reviewing reviews can aid you make educated choices regarding what to check out following and can subject you to new authors and styles you may not have actually taken into consideration in the past.

REVIEW OF SCRIBBLER OF DREAMS BOOK

- Rules on reading The Book of Laughter and Forgetting1) There's no one plot. There's not supposed to be. Deal with it. There are seven separate parts, on the surface entirely unrelated (yes, even the two Tamina chapters are not related, on the surface). Think of the seven parts as composing the background of the tragedy of Tamina - the details that compose the necessary context of Tamina, but ultimately are exactly that - context. Think of the novel as a painting - you can't have the central figure without the wall behind her, the desk she's sitting at, the work she's doing.2) It's not a novel, whatever the cover may say. It's a collection of seven parts into one "cyclical" book.3) It's not about either laughter or forgetting, though those are present. It's about life.4) Most likely, you'll come across something and think, "That's interesting." And then twenty minutes later, on an entirely different topic, you'll think, "That's a good point." In the next part you'll think, "Well, that's probably true. Hmmm." Each time you'll come across an interesting point. The interesting points may not be connected - that doesn't matter. Ultimately, this book

is a collection of thoughts - thoughts grouped into Thoughts, grouped with other Thoughts into one of seven parts, grouped with six other parts into one book.5) Some may say that this book is life-changing. They're either fooling themselves or they've made a mistake - it's not *supposed* to be life-changing. It's not *supposed* to build up to one major point, climbing and climbing up to one shattering climax, one life-changing idea. To acknowledge the metaphor (and not to sound crude), this book should *not* be an intellectual orgasm. It should be a parade of intellectual questions. (There lies the most important part - it *asks* questions, not answers them.)6) Kundera says that this is a book of "variations" - separate parts varying slightly from one theme to go deeper and deeper into that theme. He's wrong.7)

Finally, don't believe what anyone says about this book, especially me.

- I guess I never really knew what Christian romance was. I always saw it as a "Little House On The Prairie" kind of thing that wouldn't hold my attention. This book opened my eyes! The characters were real and the story was excellent. It wasn't boring like the romances that your mama used to read, but it wasn't tacky like the stuff your teenaged daughter might be interested in reading. I loved the fact that it wasn't about sex...but about genuine love and friendship which is something that a lot of relationship books don't have. I won't give away any of the story, but it was just a wonderful novel that I loved from start to finish. Hope to see a sequel!
