So what are you waiting on? Beginning your Stress Paper downloading journey today and experience all the benefits and convenience that the electronic globe of books needs to use!

## REVIEW OF STRESS PAPER

- Honestly, I purchased this book because key words "Rita Mae Brown" found it. Rita Mae is one of my very favorite authors, and I find that I have accidentally missed a few of her books. So... I was searching... and found this. I'm not athletic, and I'm not into spectator sports. This book, rather than boring me, made tennis sound interesting! I found it fascinating to learn that an active woman at the top of her field could have many of the insecurities that my friends and I have -- and some of the bad habits.

Martina comes off as being a warm, likeable person. She seems very smart and very accomplished -- and very proud of herself, without coming off as being haughty. I don't know whether Martina's English-As-A-Second-Language plays a factor in the narration, or whether it's George Vecsey's writing here, but the book, while clear, seems JUST A TRIFLE stilted. I'm also not quite sure who was just a friend and who she dated... not that it mattered, but it confused me. It reads like an A+ book report written by a senior in high school, not like a story. Nonetheless, I enjoyed it a great deal.

- If you're a chef/cook and interested in old books on omelettes, this is THE book to own. I love this old book. I discovered it while watching old copies of The

French Chef with Julia Child. During 'the omelette show', she held up this book and 'The Omelette Book' by Narcissa G Chamberlain. I prefer Madame Romaine deLyon's book, yet Chamberlain's book has been in publication up until 1990. Either way, I did find deLyon's book on Amazon, hardcover book club edition, for about \$15. Worth every penny. Her wit,

charm, and frankness come out wise and clean. Part autobiography, part cook book, thin, easy to read, what a joy. Thank you Julia Child for recommending this book. All this time I have been putting cheddar in omelettes. deLyon says only swiss with eggs, who knew all these years I was wrong?
