## REVIEW OF GRAAD 4 KWARTAAL 1 TYD MEMO LITNET

- hi, when i was reading this book... it was a little hard to understand, it was one of my summer reading books and i was so over-whelmed with work that i didnt quite get the details of the plot, if you could send me a detailed summary to help me out, that would be great! thank you again! kay
- Consume all you can here. This book is a no frills, straight into cannabis horticulture extraordinaire without the pseudo-commercial aspects of tagging a magazine label or anti-prohibition organization in with the author's name. Greg Green just appears to be a guy who knows the business of growing the herb and knows what I wanted to read and do. If this book proclaims to be the Bible then it does so for good reason. It just smashes right into horticulture like a big green bus loaded with tips, tricks, tools and commands directing you from seed to oversized "more than you can handle" harvests. I have used it, kissed it and slept with it. You should get to know it too if you want to exercise some blatant self sufficiency.
