REVIEW OF CONOCIENDO A RAUL EL CLUB DE LOS INCOMPREDIDOS 05 BLUE

JEANS

- I was surprised when I walked into a bookstore and saw this on the shelf. I really liked the movie, but had no idea it was also a book. I was even more surprised when I found out that it was a lot older than the movie. The style is very modern and not at all hard to understand. I now own a copy and am planning on reading it again soon!
- Lately I've been reading non-fiction books about people who drop everything and travel around the world or start new lives. This book is about a couple who decided to sell their home in Vermont and open a restaurant on a tropical island. Overall, the book was great. Their main goal, however, seemed to be to tell stories about the life of the locals. I

appreciated the stories but I wanted to hear more of the logistics of starting a restaurant in a foreign country. For instance, the wife is the cook for the restaurant and the book hardly addresses how she knows what foods to choose, how to decide portions etc. She says that she studied some cookbooks but there has to be something more than that. I suspect the couple owned restaurants before this one but that is never specifically addressed one way or another. Second, they talk about having to watch how they spend their money but they don't seem to act that way.

Meals are all eaten out, the wife talks about shopping at Williams Sonoma and Crate & Barrel. They shipped all of their belonging from Vermont to the island. The items required by the restaurant (glassware, dishes, appliances) were bought in Miami and shipped over. The Blanchards paid \$26,000 in duties alone. It's obvious that they came into this with money. I'd love to know how much and a few more details about how much the whole operation required to get started. Overall, it is a fun book and I enjoyed reading it. If anything, I just want to learn more about the whole experience.
