REVIEW OF COACHING FOR BREAKTHROUGH SUCCESS PROVEN TECHNIQUES FOR MAKING IMPOSSIBLE DREAMS POSSIBLE

- I read Collapse by Jared Diamond. This is an awesome must read book. It talks about why empires or cultures collapse. The author is an anthropologist/historian/scientist who obviously spent years researching the topic. He approaches the subject scientifically. It is a bit of a tough read (long and not well organized for speed

reading) but it is the best book I have read in a while. I will not spill the punchline except to say that societies tend to collapse fairly quickly and that we need to care for our environment

- Many people have written about the positive attributes of this book. I would like to add just two observations. First of all, I've read few non-fiction books that grabbed my attention to the degree that I felt like I could actually visualize the times and places being described. My favorite two sections were the ones on Easter Island and the Norse colonies in Greenland. They left images that are burned in my mind. Second, as someone who is interested in topics such as peak oil, global warming and so forth, the idea that this time, the entire planet may be exhibiting some of the same behaviors
