**REVIEW OF HOLT GEOMETRY NOTETAKING GUIDE 2014**

- If you are a sword collector who is wanting to have a source of different patterns and styles of British and Scottish Basket hilt sword guards this is a very good book. It has no information on blades, manufacturing or even unit designation, but for a source of handle/grip/guard components of a unique style of sword, and its derivatives (mortuary, horseman's broadsword) it fills a gap very well.

- Don't call it getting laid? Are we not adults, should we call it hanky panky??Take a shower and brush our teeth, but should we wipe after #2?What's in it for her? Is sex worth her while? If you don't know how to turn her on, why bother? Mention "She comes first" is one of my favorite books? Instead of looking in her eyes, try "really" looking at her?????Now seriously, if all men honestly looked at women, we would be looking directly at your breasts and butt. If I dont know how to turn her on, why bother?? Why bother spending money on porn if i cant bang the stars for real. Why read an erotic book if you cant give oral to the actual erotic character?? Mention "she comes first" is one of my favorite books, what about being honest!Buy and read her an erotic book. I am not some make - believe character in some fat horny woman's mind being sold at two or three cents a page. She can read to her damn self. If not she can watch "hooked on phonics". If you guys read her an erotic book you may as well start doing her hair and nails for free.Ask her to have sex?? Do those erotic characters and jerks "ask" for sex.Sex isnt better when you trick a woman. Thats like saying sex is not better with socks onNice guys better read this book or start reading books on coping with depression.
