Borislav Pekic's *The Houses of Belgrade*, first published in 1970, draws a parallel

between the unrest culminating in the Belgrade student riots of 1968 and that at two earlier points in the history of Yugoslavia: the riots which immediately preceded Germany's attack on Belgrade in the spring of 1941 and the turmoil of Serbia's entry into World War I. Pekic relates his tale through the character of Arsenie Negovan, one of the prime builders of houses in Belgrade. Although Arsenie is dying, losing his sanity as his life seeps away, his narrative is sustained by his intellectual and aesthetic vision, by his love of buildings and his passionate obsession with the houses of Belgrade. Through this metaphor of the gradual decline of a builder's mind, Pekic gives us a compelling look at the unspoken fear of loss and destruction in a chronically disrupted urban society.

Prince Rabi, the fiercely proud heir to the throne of Devapur, and Sophie, the headstrong daughter of the British Resident, have known each other from childhood. Growing up in a world fraught with political intrigue and divided loyalties, both were aware of the troubled alliance that existed between the British and the Indians—and of the boundary between them that they were forbidden to cross. But all this changes one night when, during the revelries of a village festival, the two find themselves passionately drawn to each other.

Realizing what is at stake, the lovers dare to defy every rule of class and race—only to find themselves torn apart on the crossroads of desire and destiny. Panoramic in its sweep and intimate in its portrayal of human relationships, *The Golden Honeycomb* is an epic love story set against the splendour and turbulence of the British Raj and the growing struggle for Indian independence.

In the 1990s Svetlana Broz, granddaughter of former Yugoslav head of state Marshal Tito, volunteered her services as a physician in war-torn Bosnia. She discovered that her patients were not only in need of medical care, but that they urgently had a story to tell, a story suppressed by nationalist politicians and the mainstream media. What Broz heard compelled her to devote herself over the next several years to the collection of firsthand testimonies from the war. These testimonies show that ordinary people can and do resist the murderous ideology of genocide even under the most terrible historical circumstances. We are introduced to Mile Plakalovic, a magnificent humanist, who drove his taxi through the streets of Sarajevo, picking the wounded up off the sidewalk and delivering food and clothing to young and old, even when the bombing was at its worst. We meet Velimir Milosevic, poet, who traveled with an actor and entertained children as they hid in basements to avoid the bombing and gunfire, and we hear the stories of countless others who put themselves in grave danger to help others, regardless of ethnic background. Faced with a world in which unspeakable crimes not only went unpunished but were rewarded

with glory, profit, and power, the Bosnians of all faiths who testify in this book were starkly confronted with the limits and possibilities of their own ethical choices. Here, in their own words they describe how people helped one another across ethnic lines and refused the myths promoted by the engineers of genocide. This book refutes the stereotype of inevitable natural enmities in the Balkans and reveals the responsibility of individual actions and political manipulations for the genocide; it is a searing portrait of the experience of war as well as a provocative study of the possibilities of resistance and solidarity. The testimonies reverberate far beyond the frontiers of the former Yugoslavia. This compelling book is essential reading for anyone who wants to understand the reality on the ground of the ethnic conflicts of the late twentieth and the twenty-first centuries.

"On the Edge of Reason is one of the great European novels of the first half of the twentieth century - and Krleza's themes, his seriousness, his protest against the normality of delusion and cruelty, could hardly be more relevant to

the century's end." —Susan Sontag
 During his long and distinguished career, the Croatian writer Miroslav Krleža (1893-1981) battled against many forms of tyranny. In *On the Edge of Reason*, his protagonist is a middle-aged lawyer whose life and career have been eminently respectable and respected. One evening, at a party attended by the local elite, he inadvertently blurts out an honest thought. From this moment, all hell breaks loose.... *On the Edge of Reason* reveals the fundamental chasm between conformity and individuality. As folly piles on folly, hypocrisy on hypocrisy, reason itself begins to give way, and the edge between reality and unreality disappears.

A Mars of the imagination, like no other, in a colorful, witty SF novel, taking place in the kaleidoscopic future of Ian McDonald's *Desolation Road*, *Ares Express* is set on a terraformed Mars where fusion-powered locomotives run along the network of rails that is the planet's circulatory system and artificial intelligences reconfigure reality billions of times each second. One young woman, Sweetness Octave Glorious-Honeybun Asiim 12th, becomes the person upon whom the future -- or futures -- of Mars depends. Big, picaresque, funny; taking the Mars of Ray Bradbury and the more recent, terraformed Marses of authors such as Kim Stanley Robinson and Greg Bear, *Ares Express* is a wild and woolly magic-realist SF novel, featuring lots of bizarre philosophies, strange, mind-stretching ideas, and trains as big as city blocks.
 REVIEWS "Ares Express is a long, adventure-filled, extravagantly colorful, often funny, quite moving, highly imaginative, excellently written story,

set on a glorious Mars built partly of sharp-edged Kim Stanley Robinson-style extrapolation, but mostly of lush, loving, Ray Bradbury-style semi-SF, semi-Fantasy, Martian dreams.... I loved it wholeheartedly." - SF Site "Hugo-winner McDonald's virtues have long been underappreciated by major North American publishers... McDonald's fantastic Mars is vividly detailed and owes much to Bradbury's Martian stories. Despite a bit of hand waving around technology that is glibly indistinguishable from magic, this sequel is entirely worthy of its rightly lauded predecessor [*Desolation Road*]." - Publishers Weekly "One of the strangest, weirdest, fantastic reads of your life." - SF Crowsnest "McDonald is clever, lyrical... snarky, and utterly wondrous. The characters would be completely unbelievable in our world, but in theirs they are inevitable..." - Night Owl Reviews

Set in the town of Travnik, Bosnian Chronicle presents the struggle for supremacy in a region that stubbornly refuses to submit to any outsider. The era is Napoleonic and the novel, both in its historical scope and psychological subtlety, Tolstoyan. In its portrayal of conflict and fierce ethnic loyalties, the story is also eerily relevant. Ottoman viziers, French consuls, and Austrian plenipotentiaries are consumed by an endless game of diplomacy and double-dealing: expansive and courtly face-to-face, brooding and scheming behind closed doors. As they have for centuries, the Bosnians themselves observe and endure the machinations of greater powers that vie, futilely, to absorb them. Ivo Andric's masterwork is imbued with the richness and complexity of a region that has brought so much tragedy to our century and known so little peace. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and

love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

REVIEW OF DEATH AND THE DERVISH MESA SELIMOVIC

- A wonderful introduction to Schuon's teachings. It is a fourfold lesson on the divine attributes of Truth, Virtue, Beauty and Prayer. Recommended as a launching point for those wishing to study the Perennialist School.
- I just recently watched the Superman/Batman: Apocalypse animated film last week and having no idea that it was based on Superman/Batman: Supergirl I just happened to purchase this book this week. As much as I enjoyed the film I was blown away by how much I enjoyed this book. I really thought that since I had the story so fresh in my mind from seeing the movie that I would just passively browse this book and be done with it. From the opening scene in this trade I was hooked. The art is incredible and gives such life and emotion to each character. The internal dialogue of Superman and Batman offer something that the film was unable to portray. Even the ending is a little different from the movie and far superior in my opinion. The movie's ending was a lot simpler than this book, likely to prevent any confusion from a casual watcher. The author and artists gave life to a character that, after numerous revamps, I was shocked at how entertained I was

witnessing the rebirth of Kara Zor-El.
