REVIEW OF DIPLOMA IN AIR CONDITIONING AND REFRIGERATION TAMIL

- I've been reading the Tolkien books since the 70's. I'm reading Two Towers now. I re-read them every few months.

- I have not finished reading the 3rd book yet. But reading the 1st two books i can say that i really enjoy them. I find it sometimes difficult to understand what is going on in the books because they are full of so much details, but that makes it more interesting. I enjoy reading the books and finding out what each of the characters are getting up to in each book. My favourite characters has to be Legolas and Frodo. The reasons why I pick these characters is because I think they have the most interesting roles in the books and give the book a lot of character. Even though I haven't finished reading the 3rd book I found that the Appendix's were really good, it gave you a lot of information about how J.R.R. Tolkien created the elvish language, the days of the months and the ages of the characters. I find Lord Of The Rings a really great set of books to read. If anybody was thinking should I read them or not, I would say that you should read the books because they are such a good read and very interesting.
