REVIEW OF SKY AND TELESCOPES POCKET SKY ATLAS JUMBO EDITION

- For a valid review, turn to academic journals. The other reviews for this book seem to be pranks.

- The best book I have ever read. Don't take it all seriously if you read it, 'cause he's making up the part about S. Morgenstern, so don't be stupid like many of the people who reviewed this book and say that Goldman butchered a book, because the original was never there. "Fencing. Fighting. Torture. Poison. True love. Hate. Revenge. Giants. Hunters. Bad men. Good men. Beautifullest ladies. Snakes. Spiders. Beasts of all natures and descriptions. Pain. Death. Brave men. Coward men. Strongest men. Chases. Escapes. Lies. Truths. passion. Miracles." And much much more.
