## **REVIEW OF MAYFAIR MAGAZINE**

- this book is the best yet in the inheritance series and i have read brisingr and eldest and both are really good but eragon is the best out of the first three and hope the forth one is even better i hope the series keeps going and have murtagh be the person they kill because he took galbatorixs throne and the characters have to deal with a whole new array of prolems!!!! ps this is the best series of book i have read in six years since the harry potter series.

- This book is a terrible thing to read if you like the classics written by Tolkien, Rowling, and Lewis. I could write books ten times better than this. In fact I have. Dont read this book if you want a true fantasy, only read it if you like flat storylines and boring steriotypical characters. Christopher from Texas
