REVIEW OF ABNORMAL PSYCHOLOGY DURAND BARLOW 7TH EDITION

- Fast-paced, thoroughly enjoyable account of greed, excess,

boredom, and intrigue in America in the early days of the millennium. Accurate portrayal of the stock market swings at that time. June 2000. In a prosperous Seattle suburb, material life could hardly be better. But pastor Lars Renquist wonders if it isn't too good. Wendy, a young divorcee, is torn between an older and younger man. Retiring professor, Pete Hansen, is surrounded by departmental intrigue. Jack, a successful restaurateur, is diverted by Eve. And feisty Adele Whitaker, running largely on a diet of sex and Jack Daniel's, fights for control of her money. Into these topsy-turvy lives falls a free copy of The Rich Man's Investment Letter put out by the irrespressible David Dulalley, who is not without personal intrigues of his own. Lured by the prospect of financial security and stock market gains, this intriguing cast of characters sign up for one of his Golden Cruises and plunge into the stock market for the first time--just before the crash of 2001! --- This masterly account of modern America is a feast of characters, crosscurrents, foolishness and hope.

- I enjoy Douglas's writing style. He has always been an interesting read and was the initiator of my fascination with criminal psychology. However, this book was a far cry from most other things I have read by Douglas and others in the field. He mainly examines 5 cases (plus some smaller ones). He offers insight into Jack the Ripper and the Zodiac enough to offer an interpretation of the mindset of the killer that is weak, but forgiven, considering how little evidence he had to examine. However, his chapter on the Ramsey murders was just maddening. John Douglas, known for his profiling, actually wrote that he will not profile the killer of Jon Ramsey, and he doesn't.

Although he offers his insight as to why he believes the parents didn't do it, this can easily be dismissed due to his close relationship that he has with the family. The other two cases weren't exactly cases the "haunt us". The Lindenberg kidnapping and a late 1800 murder of a father in the US, weren't exactly

enthralling. Considering that Douglas didn't offer any new information to the cases, or offer explanations that were contradictory to other explanations, it seemed he included these as filler...and that just upsets me. Read Mindhunter, instead.
