## **REVIEW OF FREE DOWNLOAD REPAIR MANUAL CJ3A**

- Overall this book gave good advice, some I needed, some I knew and just didn't use correctly. I was happy with the purchase until she had the audacity to imply that a lack of general middle-class wealth implies neediness. Being disabled and unable to work, I live on a tight budget while on disability. I sell my paintings to supplement my income. However, I can by no means fly to Europe or take a trip to the Bahamas. Lack of monetary wealth does not mean lack of dignity or neediness!! If someone is going to judge me on lack of monetary wealth and a disability, then they can move on. I would advise her to watch herself the next time she shoots her mouth off. Things like that are easy to say when you make what she makes.

- I purchased this book in paperback about 5 years ago. I hesitated to buy it because of the title until I understood what it was about. I believe the words in this book changed my life completely for the better as I no longer let people run over me since then. I loaned it to a neighbor and she never returned the book, so I now have my Kindle and felt like I needed a refresh reading of the book. I highly recommend this book to any one who has lived their lives like a door mat in the past. It does work and you are not a "bitch" just looking out for yourself.
