REVIEW OF AWS CLOUD PRACTITIONER ESSENTIALS

- excellent clarity of thought from an excellent leader--now if only these types of people were featured more often on TV and the media instead of the Kardashians...(not going to happen--i'll stick with these good olde classics!).

- I am not too familiar with the Golden Age of Hollywood, but I am entranced by the pictures of stars like Jean Harlow. Hurrell was a master of portraiture, using light in the most effective way possible.My favorite pictures are of Harlow, Crawford, and Dietrich. I took a black and white photography course in college, so I deeply appreciate the virtuoso style of Hurrell. I am equally impressed with the information the author included about how these pictures were taken. This book doubles as a nice "coffee table" book and an instructional manual.
