REVIEW OF THE NOVELS OF NAYANTARA SEHGAL A PRISMATIC VIEW

- I thought "The Last Juror" was very interesting. It seemed to relay what small town life in the south was like in the 70's very well. I thought the plot was very interesting, after it got going. The beginning of the book was a little slow (about the first 100 pages). The twists and turns in the story were a little predictable,

but still held my interest. I was, however, disappointed by the ending, which I found to be very abrupt and anticlimactic. Overall, I enjoyed reading the book.

- For one hundred and seventy four pages I was captivated by Grisham's uncanny ability to once again unfold a masterful story revolving very subtly around a gruesome rape and murder, but revolving not so subtly around a southern town, its people, its shortcomings, and its peacefulness. When Part Two of the book began, I felt like I was reading a different novel. Were it not for

the sneaking suspicion that something "big" was forthcoming, I would have not completed the novel. For approximately 100 pages, Grisham wanders in his writing, and there seems to be very little tying the stories together. I was astounded, as this is not the Grisham I am used to. Although the storytelling is superb, the story itself leaves much to be desired. Grisham fans will truly enjoy the growth in Grisham's writing, and will see a writer who continues to evolve as a story-teller, and an author. If this is your first jaunt into Grisham, I would suggest one of his earlier books.
