REVIEW OF A BRIEF HISTORY OF KING ARTHUR BRIEF HISTORY OF

- Orwell was dead-on in his vision of a possible future for the Western world. Indeed, according to recent events, Big Brother is HERE and voting Republican.

- When I first read Orwell's essays, I knew I had to read 1984. It's been on my list for 7 years and I'm so glad I finally got around to reading it. The beginning of the book drags, but sets the tone for all that happens towards the middle and end. If you that can get through their first 60-70 pages, you'll fly through the last 150-200. Julia was my favorite character and the way Orwell set up the first sexual encounter with her and Winston was a stroke of genius. I think my heart stopped when they were in their secret bedroom and got caught. I was waiting for them to get caught, but it happened so suddenly I got caught off balance. The action tails off towards the end but by that time the story has the reader so engrossed the end is like a carrot on a string.
