REVIEW OF NELSON FUNCTIONS 11 SOLUTIONS CHAPTER 1 FBTEST

- I just wish my school would assign this instead of animal farm, it's a great book. I especially liked the part when Winston starts to read Goldstein's book. The concepts Orwell expresses through this part are very interesting and some of them may be applied to the current world situation. Great book. The afterword on this edition is quite interesting too.

- 1984 would have to be one of the most intelligent, insightful novel I've ever read. It has a lot of major themes that we face today and because Orwell wrote this in the 40's, make makes it even more haunting. I would highly recommend this book to absolutely anyone. It is fantastic novel.
