REVIEW OF THE WAY I AM EMINEM

- This book is far better than what I expected to receive, the book has a few highlights, other than that, my wife thought it was new and was floored when I paid .01 for it. Thanks!
- I used this book as my primary study resource and passed the exam on the first try. It's very comprehensive, and though the author recommends reading the book from cover to cover, be sure to give yourself ample time to study the chapters at the end of the book. Rosenthal's style is easy to read (entertaining, even), and his examples and mnemonic devices facilitate memorization. If you hope to pass the

NCE on the first try, I highly recommend this book.
