REVIEW OF LAURALEE SHERWOOD HUMAN PHYSIOLOGY 8TH EDITION

- I liked parts of Timeless Passion a lot but equally so there were aspects of this novel I found quite annoying. Heroine Brienne is transported back to pre-civil war New Orleans after a car accident outside the Big Easy. She is discovered by Ryan Barrington who owns the plantation that Brienne finds herself roaming about. He is disbelieving of her story that she is from the future and so are the others on the plantation. They are convinced that she is suffering from a head injury and this explains her fantastic story. Brienne feels that the people on the plantation are under Ryan's control and she longs to leave and she gets her wish when she tells Ryan's god parents that her sister is in New Orleans. She arrives in New Orleans thinking the entire town is celebrating an antebellum festival. This almost makes sense but does not explain why there are no cars, electricity or modern thoroughfares or buildings. She still, in spite of all the evidence to the contrary, believes that this is all a hoax put on by thousands of people. Brienne rashly puts herself in some danger and is rescued by an Irish woman and only then does she begin to understand that she really has been transported in time. Ryan at first is really, really hard to like. He takes advantage of a drugged Brienne and is less than sympathetic to her plight. He later finds her in New Orleans and offers marriage. And Brienne agrees as she has absolutely nowhere to go and no money. Usually I dislike when modern day people are transported back in time because they want all of their conveniences and modern day beliefs to be operating in their new realm. Here I had no problem with Brienne's progressive ideas, especially her views on slavery. She more than anyone on the plantation truly fathoms the evilness of it and she thoughtfully sets out to prepare everyone for the soon coming war. She educates the slaves and freemen on the plantation. The romance between the leads sputters and stalls than takes off only to sputter again. Ryan does act more honorably toward Brienne but only when he realizes she is who she claims to be. Still his earlier treatment of her was hard to ignore. Brienne suffers from too much stubborn pride and she refuses to listen to those who have only her best interest at heart. This novel rates three and a half stars not so much for the tempestuous romance between the leads but rather for the very admirable heroine and the ingenious plotting by the author. Having her heroine go back into time to try to right terrible wrongs was creative and Brienne's sympathetic nature was easily her best trait. Oh, lastly, I have to say I really liked how this novel ended, it is more than a happily ever after. The author does a very fine job tying up all the loose ends.

- I thought this author would share his experiences of life as a firefighter; I thought wrong. He shares more about his dog not being able to produce puppies than he does about the various accidents and fires he has been a part of. I was shocked by how much he digresses, over and over again he talks about animals which have absolutely nothing to do with firefighting or even his life! The author has written a book that will put the most astute reader to sleep. I wish it had been a bit more interesting, but alas, it was not.
