Practice makes perfect! It's no secret that improving your Spencerian penmanship requires practice. Unfortunately, Platt Rogers Spencer published less than 30 Spencerian practice sentences. That's why this helpful workbook offers over 180 pages of all-new phrases and sentences for you to refine your lettering. Across the top of each page is carefully composed Spencerian lettering by penman Schin Loong. Below the sample sentence is line after line of practice space where you can master your letter height, width, spacing, stroke weight and more. The pages are even perforated so it is easy for you to tear them out and practice on a perfectly at surface. But this book contains no ordinary words—they are the immortal phrases from the Declaration of Independence that define freedom and liberty, such as “We hold these truths to be self evident that all men are created equal.”

[Spencerian Penmanship Practice Book: The Declaration of Independence](#) Courier Corporation

Excerpt from Writing Illuminating, & Lettering In issuing these volumes of a series of Handbooks Editors on the Artistic Crafts, it will be well to state what Preface are our general aims. In the first place, we wish to provide trustworthy text-books of workshop practice, from the points of view of experts who have critically examined the methods current in the shops, and putting aside vain survivals, are prepared to say what is good workmanship, and to set up a standard of quality in the crafts which are more especially associated with design. Secondly, in doing this, we hope to treat design itself as an essential part of good workmanship. During the last century most of the arts, save painting and sculpture of an academic kind, were little considered, and there was a tendency to look on "design" as a mere matter of appearance. Such "ornamentation" as there was was usually obtained by following in a mechanical way a drawing provided by an artist who often knew little of the technical processes involved in production. ### REVIEW OF THE UNIVERSAL PENMAN

- When Eragon finds a blue polished blue stone in the forest he thinks it is his lucky day and will be able to purchase meat for the winter for his family. Little does Eragon know this stone is actually a dragon's egg and will completely change his life. After the evil king Galbatorix finds out about Eragon and his dragon Saphira he burns down Eragon's house killing his uncle. Accompanied by Brom a storyteller and former dragon rider himself they set off across Alagaesia to seek revenge and end the evil reign of King Galbatorix. While traveling across the land Eragon is forced to grow from a boy into a man and make many difficult decisions. Through their travels they meet many new people from elves to dwarfs and evil monsters called urgals. Eragon is full enchanting magic and action set in medieval times. Readers of other fantasy books will enjoy his book and even people not familiar with the genre. Although many of the concepts of the book are similar to other series like the lord of the rings it still has a different enough story to keep you entertained. I myself will be happy to read the second and third books in the series.

- Much of the hype surrounding this book has been more about the author than the actual story itself. For those who don't know the back story, Christopher Paolini was fifteen years old when he wrote the book. His mother edited it, and his family self published the novel before an editor at Knopf read it and bought it. Now nineteen and at work on the second of what he says will be three stories total, the book is about a young boy named Eragon whose life becomes linked to a dragon,

and his destiny promises greatness. As I was reading the book I kept thinking, "Wow! A fifteen year old penned this, that's pretty terrific." However I guess that's more a statement of the story teller than the story itself. Paolini is a gifted writer. Clearly there's a wonderful imagination at work and I'm sure he'll have a long career ahead of him. Admittedly he says he grew up reading lots of fantasy books, and they all seem to be here in some form. For a younger reader who is looking for something beyond Hogwarts this will be great. He creates a detailed and textured world that you

can lose yourself in including a pronunciation guide and a language dictionary of words used in the book. For readers very familiar with the fantasy terrain this will all seem like rehashed-well Tolkien to begin with. As well as Robert Jordan and Anne McCaffrey. Yet even with the obvious comparisons, I found the book entertaining and well written. I actually thought he managed to move through the story with much less excess than any of Robert Jordans recent books. So if you're not concerned with something not being 100 percent original, you might enjoy this book. I did.
