REVIEW OF THE UNIVERSAL PENMAN

- Unlike the book "Robinson Caruso", or the movie "Castaway" where they need to rely on supplies they have to gather from the wreckage of a boat or a plane to survive, the island in which these children are stranded on is a small Garden of Eden. Like the biblical Eden, man is once again shown to be imperfect and filled with original sin. The boys live on an island where it seems they have no worries. Fruit is available in plenty. The weather is great. There are no predators except themselves. Their fall from grace then comes when all this is shown to be not enough for them, and they kill a mother pig for meat. There is no god, or devil on this island however, only man. Ralph represents the good in man. The descriptions of him are even godlike or golden, but Ralph is just a man (or boy). Jack is described as the devil, but once again he is just a depiction of the worst of what is in man. Simon and Piggy who represents man's wisdom fall in-between these other two individuals representing man himself, and both are flawed and killed. The "Beast" which the children are afraid of first takes on the form of a serpent or snake and later the form of a "Great Ape" up on the mountain, but in each case the real danger comes from within however, as man is the one shown to have a heart of darkness. When Simon talks to the "Lord of the Flies" it is all explained. "Fancy thinking the beast was something you could hunt and kill!", "You knew didn't you? I'm part of you? Close, close, close!". They can't hunt and kill the beast because they are the beast. There is also no salvation. When the children ask for a savior, or sign, what they are given was a dead Man (paratrooper). It is all man. This is not a book of hope. Even in the end when the children are rescued there is still no hope, as the naval officer who rescues them is still just part of a greater war between men, and the Garden of Eden they leave behind has been turned into their own hell filled with fire. I believe William Golding uses a lot of psychology in this book and each image takes on a deeper meaning. It is not known how long the children are on the island, so it seems kind of timeless. The number of children is also vague, which I think is deliberate. They are also at times faceless children. I thought it was wonderfully written and deserves to be listed as one of the best books ever written. Even if it is a little depressing, it made me think.

- Lord of the Flies is an imaginative novel that I recommend to all patient readers. I believe in this novel, like others I have read published in this period, has a slow paced plot that does not have incredible amounts of action. In this book, it is sometimes necessary to read two chapters before something exciting accure. For this reason I feel the book may leave something to be desired among the new generation of readers. However, I feel that William Golding does a great job of creating the beautiful, yet traitorous terrain and characters on the island. Overall, this book deserves its crown as one of the best books of its type in the 20th Century.
