REVIEW OF TRANSFORMERS ART OF PRIME

- This book was very helpful. I had an older bird a friend gave me and I thought I was doing fine, but then I decided I wanted a baby to teach. Since the older one cannot come out of the cage, he bites and won't let me touch him. I learned many things not to do and it was very clear to follow.
- Middlebrook wrote a pretty good biography of one of our more important poets, though I'll say that Sexton is an example of the artist being more interesting than the art. What makes this biography so exceptional is the access Middlebrook had--she had access to Sexton's psychiatric tapes. Middlebrook can really give a full account of Sexton's life and psyche. And believe me, that woman was really screwed up.
