REVIEW OF ONCE SHEET MUSIC SELECTIONS PIANO OR VOCAL OR GUITAR

- This book opened my eyes to the wonderful world of classic literature. If my mind were erased and I could only keep one memory it would be the lessons taught by this book. Golding wrote a masterpiece. I was forced to read this book 2 years ago when I was in 10th grade. Being the highschool slacker that I was I kept to my sparknotes. One night I actually got the responsibility to pick up the book and start reading it. I finished it that night, I could not put it down. I researched all the symbolism in that

book. Now every essay I write I use Lord of the Flies. This book is incredible. I urge everyone to not only read it, but study it. This book is so powerful it turned a highschool slacker into a English major!

- this book was really boring and some parts were hard to

understand for me. But the book was overall a very interesting book. It talks about the defects on human beings and it makes you think that if you were on the boys' shoes which side of you would come out: the evil or the good. Or if you would become a savage just like they did. But in the end you realize that ,that's how the real world is.
