REVIEW OF FORGET THE ALAMO THE LONE STAR RELOADED SERIES BOOK 1

- Smaller than expected, thought it was a book but more like a pamphlet which actually makes it much easier to use quickly, great pictures and descriptions.
- "Days of Grass" is a shorter novel, but it packs a real punch. The storyline is dark, with enough twists and turns to keep your eyes glued to the page. The first half of the book is excellent. I found Esther a very headstrong and original character, and I think Tanith does a perfect job of making her characters as different and strange as possible. Her writing style is fantastic. The second half of the book is a bit slower through the turns, as it is the darker half of the book. While the ending was most definitely shocking, I found it a bit of a disappointment, because I felt more should have happened... yet I would most definitely recommend this book to any reader of Tanith Lee or other readers that prefer darker fantasies or sci-fi.
