### **FINAL IDEAS**

Overall, our company believe that An Introduction To Coaching is worth a read, in spite of some small imperfections. The unique storytelling style, relatable personalities, and plot twists make it a worthwhile enhancement to your shelf. So, if you're searching for a fascinating

read, An Introduction To Coaching is definitely worth taking into consideration.

## **REVIEW OF AN INTRODUCTION TO COACHING**

- I bought this book right after I bought "Devil's Bride" and it is not as much fun to read. Patience just drags her feet to the altar for far too long. However, I like the fact that she brought back characters from before. I just hope that her third book, "Scandal's Bride", would be a very enjoyable read.
- The writing is as great as ever by Drucker, I don't understand why this book is less popular than others. For example, the essay on Japanese culture

and why Japan will fail economically was written almost ten years ago, and it is the deepest and best analysis I have seen. The time was 1993, everybody in Japan including the monks that Peter

talked to was talking about economics, yet Peter rightly sensed that the problem of Japan was cultural and social rather than economic.
