REVIEW OF CAFE IN BERLIN

- Usually I am not into historical reads but this book was passed on to

me. For those of us who dislike being bogged down with history this is a must read. It was a very contemporary read and the characters seemed very real to me. It did take me a chapter or two to get me hooked but once I got going I was unable to put it down. Thanks to Philippa Gregory who has taught me a bit more about history, she is a fantastic author!

- We have all read and been taught the story of Anne Boleyn, the second wife of King Henry VIII. What we know little of is Anne's sister, Mary. Mary was the favorite and youngest lady-in-waiting for Queen Katherine. She was also married at age 13 to William Carey, a good friend and man

high in favor with the king. When Mary catches the eye of the King, Mary's family, The Boleyn's and the Howard's, decide she must leave her husband to be available to the King. Soon, Mary finds herself in love with the King. She gives him two children. When the King begins to lose interest in Mary, the family decides she must step aside in order to let her sister Anne, seduce the King. Anne indeed catches the King's eye. For three years, she keeps the King's interest without giving into him sexually, although she does satisfy him in other ways. The King wants her so bad he will do anything to have her. She convinces him to leave Queen Katherine and to obtain an annulment. She also introduces him to Martin Luther's religion teachings. This change in the church practices begins the new Church of England. Anne becomes quite ruthless in her need of power, not only over the King, the Court, but also her family. Mary had spent time at her family's estate in Hever. After her children were born, the children remained there to be cared for and Mary returned to Court to perform her duties. She was allowed to return to Hever during the summer months. On one of her trips, she was escorted by William Stafford. He stayed at Hever with her and they fell in love. Eventually, they married without permission. He later

built her a home in the area, and they moved there to raise their children. There is so much more detail and story lines in this book; Queen Katherine, the King's spoiled, selfish rants and needs, the relationship between England, France, Spain, and the Catholic Church, the sibling relationship between Anne, Mary, and George, and the dynamics of the Boleyn-Howard family. We must remember this is historical fiction of the Tudor Court. There are inaccuracies but it gives us a very vivid look into the time period and life of King Henry's court. It was a very enjoyable read.
